religious clients in matters of sex sexuality and gender *Gender, Sex, and Politics* Shira Tarrant, 2015-06-19 *Gender Sex and Politics In the Streets and Between the Sheets in the 21st Century* includes twenty seven chapters organized into five sections Gender Sexuality and Social Control Pornography Sex and Social Media Dating Desire and the Politics of Hooking Up and Issues in Sexual Pleasure and Safety This anthology presents these topics using a point counterpoint different point framework Its arguments and perspectives do not pit writers against each other in a binary pro con debate format Instead a variety of views are juxtaposed to encourage critical thinking and robust conversation This framework enables readers to assess the strengths and shortcomings of conflicting ideas The chapters are organized in a way that will challenge cherished beliefs and hone both academic and personal insight *Gender Sex and Politics* is ideal for sparking debates in intro to women s and gender studies sexuality and gender courses *Unlocking Orthodoxies for Inclusive Theologies* Robert E. Shore-Goss, Joseph N. Goh, 2019-11-28 This book enters a new liminal space between the LGBTQ and denominational Christian communities It simultaneously explores how those who identify as queer can find a home in church and how those leading welcoming or indeed unwelcoming congregations can better serve both communities The primary argument is that queer inclusion must not merely mean an assimilation into existing heteronormative respectability and approval Chapters are written by a diverse collection of Asian Latin American and U S theologians religious studies scholars and activists Each of them writes from their own social context to address the notion of LGBTQ alternative orthodoxies and praxes pertaining to God the saints failure of the church queer eschatologies and erotic economies Engaging with issues that are not only faced by those in the theological academy but also by clergy and congregants the book addresses those impacted by a history of Christian hostility and violence who have become suspicious of attempts at acceptance It also sets out an encouragement for queer theologians and clergy think deeply about how they form communities where queer perspectives are proactively included This is a forward looking and positive vision of a more inclusive theology and ecclesiology It will therefore appeal to scholars of Queer Theology and Religious Studies as well as practitioners seeking a fresh perspective on church and the LGBTQ community *Freaktress* Rosalina Sanchez, 2024-09-07 Michelle is no longer just a recent college grad she s on a journey of self discovery dominance and power With her academic life behind her she steps into a new world where she embraces her role as the Freaktress Her fantasies of control and seduction that once played out in her imagination now shape her reality Navigating secret clubs and the hidden desires of others Michelle commands attention wherever she goes orchestrating her pleasure with confidence and unapologetic sensuality As her dominance grows so does the complexity of balancing power and intimacy Through passion filled encounters Michelle learns that control is not only about physical dominance it s about trust mutual respect and unleashing the desires that society tends to suppress *Freaktress* is a BDSM FEMDOM story that takes you into the mind of a woman determined to break every boundary where fantasies are real and control is her ultimate pleasure Will Michelle s need for dominance consume her or will it lead her to the balance she seeks

Sex, Gender and International Human Rights Law Giovanna Gilleri, 2023-12-01 This book investigates the relationship between sex and gender under international human rights law and how this influences the formation of individual subjects Combining feminist queer and psychoanalytical perspectives the author scrutinises the sexed gendered human rights discourse starting from the assumptions underpinning interpretations of sex gender and the related notions of gender identity sex characteristics and sexual orientation Human rights law has so far offered only a limited account of the diversity of sexed gendered subjectivities being based on a series of simplistic assumptions Namely that there are only two sexes and two genders sex is a natural fact and gender is a social construct gender is the metonymic signifier for women and gender power relations take the asymmetrical shape of male domination versus female oppression Against these assumptions dominative and subordinate postures interchangeably attach to femininities and masculinities depending on the subjects roles their positionalities and the situational meanings of their acts The limits of an approach to gender which is based on rigid binaries are evident in two case studies on the UN human rights treaty bodies vocabulary on medically unnecessary interventions upon intersex children and on the European Court of Human Rights narrative on sadomasochism This examination of the impact of human rights on gendered subjectivities will be of interest to scholars students and researchers in international law gender studies queer studies cultural studies critical race theory and psychoanalysis Dominatrix Danielle J.
