Dobbs,2022-01-31 Acknowledging the challenges and opportunities raised by Brexit for the agrifood supply chain and  
agricultural policies across the UK this book provides the first in depth analysis of agricultural policy developments across  
the UK s four nations rooted in strong theoretical and practical underpinnings Arguing that the four nations could be more  
ambitious in departing from the Common Agricultural Policy and extending beyond the public money for public goods  
approach adopted across the UK it critiques the core attributes of their policies with focuses including the debate over  
outcome based schemes governance mechanisms impacts on farm diversity and path dependency on the Common  
Agricultural Policy and English approaches It promotes a resilient agriculture paradigm and utilises social ecological services  
net zero agroecology and agri food democracy as the main pathways to achieve this In doing so it scrutinises the evolving  
contextual political and legal landscape within which devolved and UK agricultural policies are developing from a multilevel  
governance perspective examining the implications of WTO law for the UK and its devolved administrations to determine  
environmental food and animal welfare standards under the GATT the SPS and TBT Agreements and financial support  
schemes under the Agreement on Agriculture The book assesses the significance of the Northern Ireland Protocol the Trade  
and Cooperation Agreement with the EU and other free trade agreements for standards across the UK and access to markets  
From a domestic perspective challenges to devolution and the stability of the Union are highlighted Elements of unilateral  
recentralisation are visible via financing mechanisms the UK Internal Market Act and the Agriculture Act The book s  
interdisciplinary nature makes it of interest to lawyers political scientists economists human geographers and scientists as  
well as policymakers agricultural communities civil society organisations and think tanks in the devolved administrations the
