Jacobs, Cora S. Koch, 1998-01-01 **Create Your Own Employee Handbook** Lisa Guerin, Amy Delpo, 2019-06-28 Every company needs an employee handbook but not every company has one Lawyers charge thousands of dollars for a handbook other do it yourself products don't offer the updated legal information and careful guidance necessary to do a good job Create Your Own Employee Handbook bridges the gap with detailed explanations information on current state and federal laws and more than a hundred sample policies you can tailor to your own workplace *Creating Your Employee Handbook* Leyna Bernstein, 1999-12-23 Sponsored by The Management Center At last busy nonprofits can produce their own employee handbooks without the usual worries or frustrations And employees can finally look to a single source for all the policies and procedures that bear on their day to day work This unique book and disk set has everything you need to

craft an employee handbook that is tailored to your organization's mission, culture, and goals. It is The Management Center's most comprehensive human resources toolkit for nonprofits across the country, filled with sample policies and examples of how to adapt each policy to your specific objectives. Flexible and user-friendly, *Creating Your Employee Handbook* offers a unique three-level approach capturing the complexity and diversity of your nonprofit. Many of the sample policies appear in versions that correspond to large, medium-sized, or small nonprofits. Sample policies also reflect different organizational cultures. For each policy, you can choose mixing or matching as needed the language, form, and style that best reflect your purpose and work culture. Topics include employment and employee development, benefits, workplace health and safety, standards of conduct, work hours, and pay, and much more. You can create a new employee handbook from start to finish, update existing policies, or identify new ones. This hands-on manual can also help you gain insight into why certain policies are legally necessary. Such important policies are tagged throughout the handbook, and there is even a state-by-state listing of specific statutes and mandates to help broaden your knowledge of employment law. Above all, *Creating Your Employee Handbook* shows how to make your handbook an effective employee communications tool. Use the Disk for Easy Customization and Implementation. The do-it-yourself kit includes a computer disk complete with all of the sample policies in PC format. The policies are organized into folders that correspond to the size of your nonprofit. You can select or combine the policies according to your specific requirements. Also included are sample forms that can be copied or saved for future use. The guide and disk make the normally daunting task of creating an employee handbook that simple.

How to Develop an Employee Handbook Joseph W. R. Lawson, 2006-10-22 One of a company's most important communication tools is the employee handbook. But creating or revising one can be an overwhelming job. It must be legally sound, up-to-date, clearly written, and comprehensive. This ready-to-use guidebook now, in its second edition, practically writes the handbook by itself. Human resources professionals will appreciate its checklists that guide them every step of the way and make sure all bases are covered: step-by-step instructions that make information easy to understand and help avoid mistakes; more than 400 sample policy statements, all in use by actual companies and ready to go as is or to revise as needed; plain English explanations of federal and state regulations with practical suggestions for implementation.

Create Your Own Employee Handbook Sachi Clements, 2023-12-26 Every company needs an employee handbook, but not every company has one. Lawyers charge thousands of dollars for a handbook; other do-it-yourself products don't offer the updated legal information and careful guidance necessary to do a good job. *Create Your Own Employee Handbook* bridges the gap with detailed explanations, information on current state and federal laws, and more than a hundred sample policies you can tailor to your own workplace.
