Story Dash David Hutchens, 2021-08-24 Storytelling is humanity's oldest way of connecting to others. But for businesses and managers, it can also be a powerful tool to help organizations grow and thrive. A leader's role is to create engagement and belief so that people will act. And there's no more powerful way to grab attention, be remembered, and engage action than by telling stories about who you are, what you do, and why you do it. Today, storytelling is a hot topic in organizations, but most leaders still struggle to act upon it. How do we find and tell our stories quickly in an environment of urgency where we can hardly pause to catch our breath? For more than a decade, Hutchens has tested his method of rapid and strategic story development with innovation teams in Silicon Valley, across global Fortune 100 leadership teams, and more. Hutchens has honed a unique process that is active, potent, and strategically focused, and also a lot of fun. In *Story Dash*, Hutchens shares a repeatable process to find, develop, and deploy your narrative assets: that is, your urgent core stories that hold value. Even better, he will help you do it FAST, often in less than a day. *Story Dash* will help you to access your natural capacity for storytelling. Find your stories and figure out which ones to tell. Build your narrative so it lands with unforgettable impact. Find your own voice of authentic leadership. Bring more of who you are to your teams and your markets. Fully illustrated and written in a clear, sharp voice, *Story Dash* shares the fastest way to find lots of stories that will create action around the work you care about most.

Passion for Place Book II Anna-Teresa Tymieniecka, 2013-06-29 Among the multiple subliminal passions that inspire our life in innumerable ways, literature shows us one that seems to play a particularly penetrating role in human concerns. This passion, which Tymieniecka calls an esoteric passion, finds its projection and crystallization in space; it is the esoteric passion for space. This subliminal passion, investigated through literature, allows the philosopher to reach beneath the fallacious separations of nature, humanness, and the cultural world, restoring the wholeness of experience that has become lost in the artificial, one-sidedness of contemporary approaches confined to language as they are. The elemental passion for place is investigated here in the literary fruits of creative imagination. Unravelling from the very depths of the primogenital onto poietic unfolding of life

the passion for place is revealed as projecting into the flux of life it is a station of life significance This collection presents papers from two conferences of the International Society of Phenomenology and Literature held in Cambridge MA in 1993 4
