21st Century Criminology: A Reference Handbook J. Mitchell Miller, 2009-08-06 Criminology has experienced tremendous growth over the last few decades evident in part by the widespread popularity and increased enrollment in criminology and criminal justice departments at the undergraduate and graduate levels across the U S and internationally Evolutionary paradigmatic shift has accompanied this surge in definitional disciplinary and pragmatic terms Though long identified as a leading sociological specialty area criminology has emerged as a stand alone discipline in its own right one that continues to grow and is clearly here to stay Criminology today remains inherently theoretical but is also far more applied in focus and thus more connected to the academic and practitioner concerns of criminal justice and related professional service fields Contemporary criminology is also increasingly interdisciplinary and thus features a broad variety of ideological orientations to and perspectives on the causes effects and responses to crime *21st Century Criminology A Reference Handbook* provides straightforward and definitive overviews of 100 key topics comprising traditional criminology and its modern outgrowths The individual chapters have been designed to serve as a first look reference source for most criminological inquiries Both connected to the sociological origins of criminology i e theory and research methods and the justice systems response to crime and related social problems as well as coverage of major crime types this two volume set offers a comprehensive overview of the current state of criminology From

student term papers and masters theses to researchers commencing literature reviews 21st Century Criminology is a ready source from which to quickly access authoritative knowledge on a range of key issues and topics central to contemporary criminology This two volume set in the SAGE 21st Century Reference Series is intended to provide undergraduate majors with an authoritative reference source that will serve their research needs with more detailed information than encyclopedia entries but not so much jargon detail or density as a journal article or research handbook chapter 100 entries or mini chapters highlight the most important topics issues questions and debates any student obtaining a degree in this field ought to have mastered for effectiveness in the 21st century Curricular driven chapters provide students with initial footholds on topics of interest in researching term papers in preparing for GREs in consulting to determine directions to take in pursuing a senior thesis graduate degree career etc Comprehensive in coverage major sections include The Discipline of Criminology Correlates of Crime Theories of Crime Justice Measurement Research Types of Crime and Crime the Justice System The contributor group is comprised of well known figures and emerging young scholars who provide authoritative overviews coupled with insightful discussion that will quickly familiarize researchers students and general readers alike with fundamental and detailed information for each topic Uniform chapter structure makes it easy for students to locate key information with most chapters following a format of Introduction Theory Methods Applications Comparison Future Directions Summary Bibliography Suggestions for Further Reading and Cross References Availability in print and electronic formats provides students with convenient easy access wherever they may be

Preventing Crime and Violence Brent Teasdale, Mindy S. Bradley, 2016-11-29 This insightful volume integrates criminological theories prevention science and empirical findings to create an up to date survey of crime prevention research and strategies Its interdisciplinary perspective expands on our knowledge of risk factors to isolate the malleable mechanisms that produce criminal outcomes and can therefore be targeted for intervention In addition the text identifies developmental lifespan and social areas for effective intervention Reviews of family community and criminal justice based crime prevention approaches not only detail a wide gamut of successful techniques but also provide evidence for why they succeed And as an extra research dimension the book s chapters on methodological issues and challenges uncover rich possibilities for the next generation of crime prevention studies Included in the coverage Integrating criminology and prevention research Social disorganization theory its history and relevance to crime prevention Research designs in crime and violence prevention Macro and micro approaches to crime prevention and intervention programs Implications of life course approaches for prevention science Promising avenues for prevention including confronting sexual victimization on college campuses Spotlighting current progress and continuing evolution of the field Preventing Crime and Violence will enhance the work of researchers practitioners academicians and policymakers in public health prevention science criminology and criminal justice as well as students interested in criminology and criminal justice

Rural Victims of Crime Rachel Hale, Alistair Harkness, 2022-12-30 Rural Victims of Crime offers a pioneering sustained assessment of the rural victim It does so by examining and analysing the conceptual constructs of a victim and challenging the urban bias of victimisation and victimology in criminological study Indeed far too much criminological scholarship is based on the false assumption that rural areas are relatively crime free and thus free too of victims Providing international perspectives chapters in this edited collection focus centrally on notions of place and space and constructions of rural victims in a variety of contexts exploring the impact that geographic location has on the type and prevalence of victimisation The concept of victimisation is often considered in terms of interpersonal relationships between humans neglecting the potent impact of victimisation of non

humans and the natural and built environment Rural Victims of Crime discusses existing notions of victimology in relation to non human subjects broadening conceptualisations of the victim and associated impacts resulting from victimisation Structured in three parts Rural Victims of Crime conceptualises the rural victim enhances understanding of the realities of rural victimisation and considers both formal and informal responses to rural victimisation Chapters are accompanied by practical contemporary case studies to connect theory with praxis This book is an essential and valuable resource for academics students and practitioners alike in the fields of criminology criminal justice rural studies victimology geography sociology and spatiality Victimizing Vulnerable Groups Charisse Coston,2004-07-30 Examines particular demographics that are susceptible as targets of crime Crime in the Home Health Care Field Brian K.
