Crime And Personality Psychology Revivals

Paul S. Maxim, Paul C. Whitehead

Crime And Personality Psychology Revivals:

Crime and Personality H. J. Eysenck, 2013-10-31 When *Crime and Personality* was first published in 1964 J A C Brown writing in the *New Statesman* commented There can be no doubt of the importance of Professor Eysenck's book on the nature and treatment of criminal behaviour This third edition originally published in 1977 had been completely revised and brought up to date and although the major theory linking personality and crime has been retained many of the details have been changed in conformity with recent research of the time The book presents a theory concerning the personality of criminals and offers evidence to show that these personality features characterising criminals are based on genetic foundations It is argued that criminality as a whole is not exclusively based on environmental factors as has so often been suggested but has a strong biological basis A good deal of evidence is reviewed showing that there are many data supporting this view from studies of identical and fraternal twins adopted children and comparisons between criminals and non criminals both in the Western world and in Communist countries Professor Eysenck suggests that important consequences follow from such an attempt to redress the one sided emphasis on environmental factors which had been so characteristic of the previous fifty years and some of these consequences are described in detail He further suggests that only proper understanding of the psychological factors making for antisocial behaviour will help in reversing the increasing burden that criminality places upon society The book also takes issue with political arguments of the time regarding the origins of criminality and shows that criminals behind the Iron Curtain show the same personality characteristics as do criminals in Western countries

Crime and Personality Hans Jurgen Eysenck, 1977 **Crime and personality** Hans Jürgen Eysenck, 1970 *From zero to hero* Wanda Montanelli, 2023-12-13 In daily encounters on TV press editorials and news reports the only reason seeming to compel insiders is their circulation or audience Everyone else turns a blind eye to it Nobody cares about knowing that the higher the audience the more links to Twitter there ll be or that the more likes on Facebook there ll be the seeds of gratuitous violence are more effectively sown This is called emulation or in the psychopathology of communication the Werther effect Our society is full of frustrated individuals who ascribe their own failings to the world around them and it may be the case that some marginalised people regard themselves as being rather low on the social scale and therefore choose to give themselves hero status worthy of the newspaper front pages Consequently they may happen to take action by seizing a firearm in search of verification of them transforming their empty existence into stuff of legend giving enough to take about for days months and years to come Such a breakthrough from zero to hero Translator Rhys Llwyd PUBLISHER TEKTIME

Understanding Youth Crime Mark Lynch, 2017-07-12 This title was first published in 2003 Adolescence is popularly understood as a transitional phase of turbulence and extremes It is also often associated with trouble Criminal justice statistics however reveal that youth criminality remains a relatively rare phenomenon less than one percent of the total adolescent population in any given year This exceptional book is based upon a

major Australian research programme to consider the key social factors impacting upon the lives of young people A sample of 1 300 young people was divided into three major subgroups a control group drawn from state secondary schools and closely approximating the general population a chronically marginalized cohort representing a vulnerable group and a group of offenders most of whom were incarcerated at the time of the research With its rich data source and highly integrated structure the book makes a major contribution to our understanding of adolescent criminality and associated policy both in Australia and internationally

Evaluación y tratamiento de delincuentes Santiago Redondo Illescas,2017-04-27 Este manual se ocupa de la evaluación y el tratamiento de los delincuentes que se utilizan con la finalidad de promover el abandono del delito y su rehabilitación social Para ello presenta las técnicas de tratamiento más importantes y el modo de aplicarlas y de evaluar su eficacia Presta atención preferente a los programas de tratamiento aplicados con delincuentes graves y de especial riesgo como delincuentes juveniles delincuentes violentos toxicómanos agresores sexuales y maltratadores familiares Analiza diversos tratamientos aplicados en instituciones juveniles en prisiones y en la comunidad Y plantea también la cuestión de en qué grado la aplicación de tratamientos puede contribuir a la disminución del riesgo delictivo futuro de los delincuentes y a su abandono del delito A lo largo del texto se presentan diversos casos y experiencias prácticas cuyo propósito es ejemplificar los conceptos y aplicaciones más importantes del tratamiento de los delincuentes Aunque todos ellos proceden de situaciones reales se han modificado y recreado para proteger las identidades de las personas a las que hacen referencia El libro se dirige en primera instancia como manual de trabajo a psicólogos criminólogos educadores trabajadores sociales y otros profesionales que tienen a su cargo diseñar adaptar aplicar o evaluar tratamientos con delincuentes En igual medida esta obra se destina también a servir como manual de estudio para la formación universitaria en esta materia

Entertainment Media and Communication Nicholas David Bowman,2024-10-21 Although not considered a formal area of study scholarship on the uses content and effects of entertaining media has been central to communication studies and related fields for more than a century The serious study of entertainment seems paradoxical as we presume entertainment to be the lighter side of our daily lives Yet as revealed in this volume entertainment media serve as cultural artifacts that shape our understandings of various peoples and publics in ways that invite deeper immersive and increasingly interactive engagement On this backdrop Entertainment Media and Communication serves as a reference guide for canonical and foundational research into media entertainment and a collection of emerging and updated theories and models core to the study of media entertainment in the 21st century Across more than forty chapters and with a diverse and inclusive list of authors this volume provides a broad yet nuanced view into entertainment media and communication scholarship The contributors explore its foundations define and extend key concepts and theories through myriad lenses discuss unique considerations of digital media and divine future paths for scholarly inquiry

Explaining Crime Paul S. Maxim,Paul C. Whitehead,1998 Explaining Crime Fourth Edition retains the exceptional organization and content of the original editions

with completely updated statistics and references It is ideally suited for a one semester course that serves as an introduction to criminology by dealing with three issues definition of crime measurement of crime and theories of crime Throughout the text the attitude is critical Criticism rests on three standards clarity of concepts quality of evidence and utility of theory for public policy Thoroughly revised version of a classic textbook Introductory text dealing with definition measurement and explanations of crime **The Oxford Handbook of Criminology** Rod Morgan, Mike Maguire, Robert Reiner, 2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os **Crime, Justice, and Society** Ronald J. Berger, Marvin D. Free, Patricia Searles, 2009 Now in its third edition this innovative core text provides a comprehensive and critical introduction to key theories and topics in criminology Highlighting issues of class race and gender the authors navigate the study of crime and criminals in an accessible and compelling manner Notably the text Investigates a breadth of topics ranging from street crime to corporate fraud Explores pivotal theories for understanding crime and victimization Promotes critical thinking by analyzing media constructions of crime Includes the voices of offenders victims and criminal justice personnel Engages students through discussion of issues drawn from the headlines Introduction to Criminology Frank E. Hagan, 2010-01-15 Introduction to Criminology Seventh Edition is a comprehensive introduction to the study of criminology designed for an introductory undergraduate courses The book focuses on the vital core of criminological theory theory method and criminal behavior Hagan investigates all forms of criminal activity such as organized crime white collar crime political crime and environmental crime He explains the methods of operation the effects on society and how various theories account for criminal behavior New to this edition Expansion of material on psycho social and bio social theories Additional coverage of terrorism in Ch 11 along with ethics in the research methods chapter Ch 2 New chapter on Cybercrime New Epilogue on the future of crime and the newest criminological theories New Career Feature Boxes New Crime Files Feature Boxes End of Chapter Web Research Exercises New full color design and photo program In text links to study site Expanded study site resources including video of the author and original podcasts recorded by the author for each chapter Blackboard and Web CT compatibility **Abstracts on Criminology and Penology** ,1971 Bimonthly Abstracts of journal articles and monographs Covers material from psychiatric literature as well as from criminological sources Entries arranged in classified order Author subject indexes The United States Catalog ,1928 *The United States Catalog* Ida M. Lynn, 1928 Theories of Crime Daniel J. Curran, Claire M. Renzetti, 2001 This book surveys the major theoretical perspectives in criminology including biological physiological theories psychological psychiatric theories and sociological theories of crime Each chapter provides a balanced overview examining each theory in the context of empirical research that tests it New chapters have been added focusing on areas such as feminist theories of crime the routine activities theory control balance theory and a chapter focusing on providing greater coverage of conflict radical theories including left realism

peacemaking criminology and postmodern criminology For anyone involved in criminology studies *Announcements*
Central State College (Edmond, Okla.), Central State Normal School (Edmond, Okla.), 1927 The Cumulative Book Index
, 1928 A world list of books in the English language Crime as Destiny Johannes Lange, 2022-09-01 First published in 1931
Crime as Destiny throws a beam of light across the darkness which enshrouds the study of the deeper causes of crime and
the eternal debate between nature versus nurture The author's investigations led him to conclusions of the first importance
to the sociologist and the psychologist But the subject is wilder than it seems and by its direct bearing on the question of
determinism will arouse the interest of the theologian and the student of philosophy as well For the student of history this
research work will help trace the beginning of the logic of eugenics that will eventually take its nightmarish form under
Hitler The Literary Guide and Rationalist Review , 1925 Readers' Guide to Periodical Literature Anna Lorraine
Guthrie, 1904 An author subject index to selected general interest periodicals of reference value in libraries
