The Method of Christian Theology Rhyné Putman, 2021-05-15 In *The Method of Christian Theology* Rhyné Putman guides readers through the essential first words of systematic theology. Written for entry level theology students, this book gives clear suggestions about how to use theological sources, how to reason through difficult problems, and how to apply theological reflection to paper writing and preaching. By studying the foundations of theology, readers will be better equipped to serve God's people in whatever ministry they are called to.

Sino-Christian Theology Pan-Chiu Lai, 2010 Sino-Christian theology usually refers to an intellectual movement that emerged in Mainland China since the late 1980s. The present volume aims to provide a self-explaining sketch of the historical development of this theological as well as cultural movement. In addition to the analyses on the theoretical issues involved and the articulations of the prospect, concrete examples are also offered to illustrate the characteristics of the movement.

The Metaphysics of Historical Jesus Research Jonathan Rowlands, 2015-10-15 In this book, Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to the present day, culminating in a call for greater metaphysical transparency and diversity in the discipline. This multidisciplinary approach to historical Jesus research, drawing on historiography, sociology, philosophy, and theology, makes a significant and original contribution to the field. Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview. Part II provides an overview of the Quest for the historical Jesus, demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular. Rowlands' study concludes with a call for a greater plurality and openness regarding the philosophical and theological presuppositions at work in historical Jesus research.

The Metaphysics of Historical Jesus Research is of interest to students and scholars working on New Testament studies and historical Jesus research.
