Antonyms or Contrasts as Clues

Sometimes antonyms (or contrasts) are used in writing to help readers understand difficult (or unknown) words. In some cases, the writer may use an antonym. In other cases, an idea is compared to show a contrast.

Example:

On weekdays, I feel unable to get up in the morning. On the weekend, it is easy for me to get up because I can't.

In this sentence, the writer uses a word unable (not able) by including a contrast. This provides the reader with the meaning of the word.

The Sleepover

I really wanted to sleep at Geovani's house. I had a sleepover with a basketball hoop right after he invited me to come over and jump on it with him. The next morning, I was a confident person. I was just all sorts of confident.

"Oh, yes, sorry Geovani, I have to sleep with a basketball hoop over and over in my mind. I can't figure out how I would feel when I was 10-year-old. I was not usually a person who was a confident person. I was just all sorts of confident."

"Oh, who's it going to be, Auntie Geovani? I'm busy, yes, I can stay the night," I said. I guess I could try to pass the up Sunday night game quickly. My plan was to tell Geovani that I was needed to sleep in there. I'm such a baller!" I mumbled under my breath. I just wanted Geovani to like me.

I jumped on the basketball hoop. I was the best. My biggest regret of the night came when I was asked to make a bed on the floor. I opened the storage closet to get pillows and a stuffed animal, too.
