Bassous, 2022-07-12 This book focuses on leading through times of crisis as a true measure of authentic and credible leadership which is often tested during turbulent inconsistent and unpredictable times rather than through stable and steady phases The emphasis is on those leaders that learned valuable lessons from various crisis experiences and adapted accordingly Rather than be swayed by external circumstances it is time to lead to become the rudder offering direction and opportunity rather than the sails being wavered by the winds The most appropriate question that leaders should ask upon the onset of a crisis is not When will all this end but rather How will all this end The how entails an opportunity to make something positive out of a seemingly negative situation This book offers a window of hope through which to look at an incoming crisis with eyes of faith as a learning experience and opportunity to thrive It builds on four pillars required to lead during crises resilience stamina agility and confrontation and offers a leadership model based on Jesus Christ s crisis handling methods which are essential for any leader seeking to succeed in a multi crisis era **Educating the Elephant's Child** Peter Hastings, 2012-07-12 A paperback version of the Elephant s Child which documents the creation of Bishop Bright Grammar School now the Trinity School in Leamington Spa whose liberal approach to education and catholicism sent shockwaves throughout the Birmingham Diocese Peter Hastings 1922 2012 was the Catholic Headmaster of Bishop Bright and encouraged his students to remain full of satiable curteousity and challenged them to be the best that they could be A great lesson to all educators not just those from Christian Schools about the power self awarness and curiosity gives to children **Masfemlin Femmaslin** Kevin Sparks, 2013-07-08
