is disaster to every dieter's goals. Unfortunately, it is more than just added empty calories. Today we each have our own health goals and means of attaining them. Some of us aim to be heart healthy while others choose low sodium, low carb, or gluten free. The standard processed dressing is a detriment to all of these dietary lifestyles as they are more often than not laden with unhealthy saturated fats, too much sodium, hidden sugar, and secret gluten that negatively affects the unsuspecting consumer. These dietary enemies make our goals more difficult to achieve and steal enjoyment from our plates. Each recipe in this book is labeled as low carb, gluten free, or vegan and contains nutritional information so you know exactly what goes on your salad. There is a solution to this problem and it resides in your own kitchen in the form of homemade salad dressings that are incredibly simple to make, wholesomely nutritious, and will bring new life and vibrancy to your meals. The dressings in this book will suit every taste and an incredible variety of salad types and ingredients. They are specifically tailored to modern dietary lifestyles and easy to modify to your unique needs. With 50 options to choose from, your salads will no longer be boring or common but will entice you and make you remember the pleasure of healthy eating once again.
