#### **Unit I. Endless Frontiers**

At the end of this unit, you will write an essay of at least 300 words answering the following question on characterization:

In a brief poem or an essay, a writer usually reveals aspects of his own character; in a biography he reveals the character of real persons other than himself; and in narrative poems, short stories, and other works of fiction, he reveals the character of imaginary persons. In short, characterization is one of the most important aspects of most literary works.

Choose two of the selections you have read in which you feel the author was particularly successful in creating character. Be prepared to discuss how the author created his character or characters and why you liked them particularly.
