

Step 7

Mascara

Always wear mascara because even the most subtle and natural-looking eye makeup needs it. The mascara makes your natural lashes a darker look and is what if you have a sparse full set. The mascara that you choose will affect the look of your eye. The mascara that you choose will affect the look of your eye. The mascara that you choose will affect the look of your eye.

When applying mascara, hold the mascara wand parallel to the floor and brush from the base of the lashes to the tips. Hold the wand in place for a moment so the lashes can catch the mascara. Repeat the process for the bottom lashes.

If you choose to curl the lashes, it is best before applying mascara. Curling before also applying mascara can break the lashes.

The ideal mascara makes the most impact. There should be a subtle look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

For long-lasting results, have a mix of long-lasting and short-lasting.

For an extra glow, first a shimmer powder on the cheekbones with a fine blusher brush, or use a fine blusher applied with your fingers.

For a glow off your powder blush, use your finger to buff the blush into the skin. If it seems to light up, use the light blusher shade to remove any excess and smooth skin.

The sugar or cream blush is a good option for the skin.

To add a warm tone to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about four coats can be applied. Apply from the inner corner of the lip to the outer corner of the lip. Apply from the inner corner of the lip to the outer corner of the lip.

For a natural look, use a shade that is a little darker than your natural shade. The more the more shade will make your lips look lighter and more natural.

For a dramatic look, choose a shade that is darker than your natural shade. The more the more shade will make your lips look lighter and more natural.

Step 10

Lip Liner

To achieve natural-looking definition and to keep your lips looking like yours, use a lip liner that matches your natural lip color. Apply from the inner corner of the lip to the outer corner of the lip.

To achieve a more dramatic look, use a lip liner that is darker than your natural lip color. Apply from the inner corner of the lip to the outer corner of the lip.
