

Step 7

Mascara

Always wear mascara because even the most subtle and natural-looking eye makeup needs it. The mascara makes your natural lashes a darker look and is what if you have a sparse full set. The mascara that you choose will affect the look of your eyes. If you are looking for a dramatic look, choose a mascara that has a thick, dark, and long-lasting formula. There are many types of mascara, so it is a good idea if you want a long-lasting look, to look at it your mascara needs to include:

When applying mascara, hold the mascara wand parallel to the floor and brush from the base of the lashes to the tips. Roll the wand in and out to separate the lashes and give them a more natural look. Apply more to those eyes.

If you choose to curl the lashes, it is best before applying mascara. Curling lashes after applying mascara can break the lashes.

The ideal mascara makes the most impact. There should be a subtle look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

For long-lasting results, there is a way of applying blush to the top.

For an extra glow, first a shimmer powder is applied to the cheeks with a fine blusher brush, or use a fine blusher brush applied with your fingers.

For a glow off your powder blush from your face, just before applying. It is easier to blend away the light blusher than to remove away color and wash away.

The sugar or cream blush is a good option for the skin.

To add a warm tone to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about formulas can be used. Always think the color. The lipstick should be a shade or two lighter than your skin tone. The lipstick should be a shade or two darker than your skin tone.

For a natural look, use a lipstick that is a shade or two lighter than your skin tone. The lipstick should be a shade or two darker than your skin tone.

For a dramatic look, choose lipstick that is a shade or two darker than your skin tone. The lipstick should be a shade or two darker than your skin tone.

Step 10

Lip Liner

To achieve natural-looking definition and to keep your lips looking like yours, use a lip liner that is a shade or two lighter than your skin tone. The lip liner should be a shade or two darker than your skin tone.

To achieve a natural look, use a lip liner that is a shade or two lighter than your skin tone. The lip liner should be a shade or two darker than your skin tone.
