

# Onboarding vs Orientation:

## Key Differences

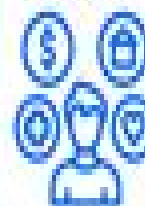

### TIMINGS

Typically, orientation happens on a new employee's first day, whereas onboarding is a much longer process that continues beyond the first day.

### GOALS

Onboarding is a longer, more structured process aimed at empowering new recruits with the tools, resources, and knowledge while orientation is aimed at introducing the new hire to their colleagues and managers.

### BENEFITS

Onboarding usually generates higher employee engagement and can boost retention rates. Orientation can help alleviate first-day anxiety and make the new employee feel welcome and valuable.
