Reflections of South African Student Leaders:

1994 to 2017 Ntokozo Bhengu, Denyse Webbstock, 2020-05-13 *Reflections of South African Student Leaders 1994 2017* brings together the reflections of twelve former SRC leaders from across the landscape of South African universities. Reviews of the previous volume 1981 2014 suggested that it contributed significantly to a better understanding of the stringent demands of visionary and transformative leadership required by university leaders in the fastchanging and increasingly complex public higher education sector. This volume is based on comprehensive interviews with former student leaders each of whom provided a personal account in their own words of their experience in the position of student leadership. The interviewees are from different backgrounds and of diverse political persuasions. The book is important for current and future leaders of higher education institutions as it provides insights into the thinking, aspirations, desires, fears, and modus operandi of student leaders. Such insight can contribute to developing and implementing appropriate strategies for achieving meaningful and constructive engagement with current and future student leaders. *Male Infertility* Sergio

Oehninger, Thinus Kruger, 2007-01-23 Male factor infertility is a common problem in reproductive medicine and can have a significant effect on the outcome of IVF treatment. This comprehensive book covers the diagnosis and treatment of male factor infertility in depth. It opens with a section on the basic science underlying the production of male gametes. There is then a major section. **Legal pedagogy, practice and curriculum transformation: What does the future hold and look like?** Charles Maimela, 2025-07-18

In an era marked by rapid technological innovation and complex socio-political shifts, legal education stands at a critical crossroads. This timely publication explores the imperative for a curriculum that is both responsive and resilient, capable of adapting to the evolving needs of students, institutions, and society at large. Blending theoretical analysis with practical insight, the book offers forward-thinking strategies to navigate the multifaceted challenges of curriculum transformation. Drawing on the lived experiences and reflections of law educators across diverse institutions, it provides a unique lens into how curriculum innovation can enhance teaching, learning, and research in the legal academy. More than a commentary, this book is a call to action, a vital resource for educators, academic leaders, and policymakers committed to ensuring the continued relevance, excellence, and social responsiveness of legal education in the 21st century.
