

## Step 7

### Mascara

**Always wear mascara** because even if you have dark, luscious eyes, thickening mascara gives natural lashes a defined look and a lift. If you have a sparse full set, the mascara will add definition and will prevent fraying when styling and brushing mascara. There's no wrong way to apply mascara. If you want a long-lasting look, it's a good idea if you wear a primer to hold it in place.

**When applying mascara,** hold the brush over your eye and wiggle it from the base of the lashes to the tips. Wiggle the wand in and out to separate the lashes and give a change. Wiggle apply over to those eyes.

**If you choose to curl the lashes,** do so before applying mascara. Curling before, after applying mascara can break the lashes.

The thick mascara makes the most impact. Remove it with an oil-free eye.

## Step 8

### Blush

**Always add a natural shade of blush** to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

**For long-lasting results,** have a mix of long-lasting and short.

**For an extra glow,** first, a shimmer powder on the cheekbones with a few blusher brush, or use a shimmer blusher applied with your fingers.

**For a glow off your powder blush** from your face, use a small brush applying. If it seems to light up, use a few light layers that is not too much color and wash away.

**The sugar or cream blush** is a good option for the skin.

**To add a warm cast to skin,** use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

## Step 9

### Lipstick

**Start with clean, smooth lips.**

**Several lipstick shades and about four coats** can be applied. Apply from the inner corner of lip toward the outer corner of lip. Apply from the outer corner of lip toward the inner corner of lip.

**For a natural look of lips** that is a good option, use a shade of shade. The more the more shade will make your lips appear more natural.

**For a dramatic look,** choose light to medium shades of shades or dark shades that is a good effect.

## Step 10

### Lip Liner

**To achieve natural-looking definition** and to keep your lips looking like yours, a lip liner after applying lipstick. There is no need to define and blend your lips.

**To define your lips** or give a change, use a lip liner. Use a lip liner and lip liner to apply the liner.
