Contracts Stephanie Ben-Ishai, David R. Percy, Christine Boyle, John Mccamus, Robert Flanigan, 2009-06-30 In addition this book will teach students how to engage in analysis of areas of law where overlapping or conflicting values are at stake such as human rights law and property law by reflecting on a value fundamental to the law of contracts such as freedom of contract *Contracts: Cases and Commentaries* Stephanie Ben-Ishai, 2018 *Contracts, Cases & Commentaries* Stephanie Ben-Isha, 2022 **Contracts** John Philip Dawson, William Burnett Harvey, Stanley D. Henderson, Douglas G. Baird, 2013 With the appearance of the Tenth Edition this book enters its sixth decade Throughout its long history this casebook has relied on classic cases to capture the fundamental principles of contract law and this edition reinforces that tradition This new edition preserves and builds upon the book's distinctive character especially its use of canonical cases its sensitivity to the history and evolution of doctrine and its close attention to the legal consequences of breach The newly added cases show how the basic principles of contract law continue to apply across a wide range of transactions As before this edition eschews any distinctive take on the law of contracts and thus allows each teacher using the book a broad range of choice on what to bring in to channel or expand classroom discussion The most visible alteration in this edition is an expanded treatment of the important problem of contract interpretation A significant amount of new material has been added but the length of the book remains about the same This edition both covers recent developments and maintains a manageable length Contracts John Philip Dawson, William Burnett Harvey, Stanley D. Henderson, 2008 This statutory supplement updates the main casebook
