ETDP SETA Scarce & Critical Skills Guide 2010/11 , **Going to University** Case, Jennifer, Marshall, Delia, 2018-02-09 Around the world more young people than ever before are attending university Student numbers in South Africa have doubled since democracy and for many families higher education is a route to a better future for their children But alongside the overwhelming demand for higher education questions about its purposes have intensified Deliberations about the curriculum culture and costing of public higher education abound from student activists academics parents civil society and policy makers We know from macro research that South African graduates generally have good employment prospects But little is known at a detailed level about how young people actually make use of their university experiences to craft their life courses And even less is known about what happens to those who drop out This accessible book brings together the rich life stories of 73 young people six years after they began their university studies It traces how going to university influences not only their employment options but also nurtures the agency needed to chart their own way and to engage critically with the world around them The book offers deep insights into the ways in which public higher education is both a private and public good and it provides significant conclusions pertinent to anyone who works in and cares about universities

Going to University. The Influence of Higher Education on the Lives of Young South Africans Jennifer Case, Delia Marshall, 2018-02-09 Around the world more young people than ever before are attending university Student numbers in South Africa have doubled since democracy and for many families higher education is a route to a better future for their

children But alongside the overwhelming demand for higher education questions about its purposes have intensified Deliberations about the curriculum culture and costing of public higher education abound from student activists academics parents civil society and policy makers We know from macro research that South African graduates generally have good employment prospects But little is known at a detailed level about how young people actually make use of their university experiences to craft their life courses And even less is known about what happens to those who drop out This accessible book brings together the rich life stories of 73 young people six years after they began their university studies It traces how going to university influences not only their employment options but also nurtures the agency needed to chart their own way and to engage critically with the world around them The book offers deep insights into the ways in which public higher education is both a private and public good and it provides significant conclusions pertinent to anyone who works in and cares about universities

Social Work in Social Change Nicci Earle,2008 This study forms part of a series of studies on professions and professional education being conducted by the HSRC s research programme on Education Science Skills Development It follows a pilot study on medical doctors published in 2006 entitled Doctors in a Divided Society The profession and education of medical practitioners in South Africa Like the other studies in the series this study involved developing an understanding of the professional milieu and professional labour market of social workers As the implementers of government social policy social work professionals have been at the forefront of grappling with the practicalities of the changes in focus approach and methods of social security and social service delivery since 1994 It examines developments in the education and training of social workers within the democratic dispensation the most significant of which is the development of a national standardised Bachelor of Social Work degree The study also reveals that the dominant profile in student enrolment and graduation statistics has changed from white female to African female and that enrolment has increased significantly However the study also shows that graduation trends have been negative and losses due to emigration are an additional concern Given the scarcity of these professionals against the demand for their services understanding the factors that contribute to this picture are critical to effective intervention

Remote Possibilities Amy Jane Conger,2005 On Campus University of the Western Cape,2003 Financing Higher Education Worldwide D. Bruce Johnstone,Pamela N. Marcucci,2010-06-07 Examines the universal phenomenon of cost sharing in higher education where financial responsibility shifts from governments and taxpayers to students and families Growing costs for education far outpace public revenue streams that once supported it Even with financial aid and scholarships defraying some of these costs students are responsible for a greater share of the cost of higher education Shows how economically diverse countries all face similar cost sharing challenges While cost sharing is both politically and ideologically debated it is imperative to implement it for the financial health of colleges and universities From publisher description
