World History Roger B. Beck,Linda Black,Larry S. Krieger,Phillip C. Naylor,Dahia Ibo Shabaka,2006-01-01 Teaching Global History Alan J. Singer,2012-04-27 Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity history and the contemporary world All chapters include lesson ideas a sample lesson plan with activity sheets primary source documents and helpful charts graphs photographs and maps High school students responses are woven in throughout Additional material corresponding to each chapter is posted online at http://people.hofstra.edu/alan_j_singer The traditional curriculum tends to highlight the Western heritage and to race through epochs and regions leaving little time for an in depth exploration of concepts and historical themes for the evaluation of primary and secondary sources and for students to draw their own historical conclusions Offering an alternative to such pre packaged textbook outlines and materials this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it

Stearns,2017-02-14 This book examines sexuality in the past and explores how it helps explain sexuality in the present The subject of sexuality is often a controversial one and exploring it through a world history perspective emphasizes the extent to which societies including our own are still reacting to historical change through contemporary sexual behaviors values and debates This new edition examines these issues on a global scale with attention to anthropological insights on sexuality and their relationship to history the dynamics between sexuality and imperialism sexuality in industrial society and trends and conflicts surrounding views of sex and sexuality in the contemporary world *World History: Patterns of Interaction Chapter Summariesgrades 9-12* Mcdougal Littell,2002-05-02 *Ways of the World for the AP® World History Modern Course Since 1200 C.E.* Robert W. Strayer,Eric W. Nelson,2022-12-20 Succeed in AP World History Authors Robert Strayer and Eric Nelson provide the historical content as well as the historical analysis skills students need to succeed in AP World History *World History* ,2002-01-22 Gender in World History Peter N. Stearns,2015-03-02 Covering societies from classical times to the twenty

first century Gender in World History is a fascinating exploration of what happens to established ideas about men women and gender roles when different cultural systems come into contact The book breaks new ground to facilitate a consistent approach to gender in a world history context Now in its third edition the book has been thoroughly updated including expanded treatment of Africa under Islamic influence expanded discussion of southeast Asia a new chapter on contemporary Latin America representations of individual women engagement with recent work on gender history and theory With truly global coverage this book enables students to understand how gender roles have varied across the world and over time and the vital role of gender in structuring social and political relationships Providing a succinct current overview of the history of gender throughout the world Gender in World History remains essential reading for students of world history *Patterns of World History* Peter Von Sivers, Charles Desnoyers, George B. Stow, 2012 *Patterns of World History* offers a distinct framework for understanding the global past through the study of origins interactions and adaptations Authors Peter von Sivers Charles A Desnoyers and George Stow each specialists in their respective fields examine the full range of human ingenuity over time and space in a comprehensive even handed and critical fashion The book helps students to see and understand patterns through ORIGINS INTERACTIONS ADAPTATIONS These key features show the O I A framework in action Seeing Patterns a list of key questions at the beginning of each chapter focuses students on the 3 5 over arching patterns which are revisited considered and synthesized at the end of the chapter in Thinking Through Patterns Each chapter includes a Patterns Up Close case study that brings into sharp relief the O I A pattern using a specific idea or thing that has developed in human history and helped in turn develop human history like the innovation of the Chinese writing system or religious syncretism in India Each case study clearly shows how an innovation originated either in one geographical center or independently in several different centers It demonstrates how as people in the centers interacted with their neighbors the neighbors adapted to and in many cases were transformed by the idea object or event Adaptations include the entire spectrum of human responses ranging from outright rejection to creative borrowing and at times forced acceptance Concept Maps at the end of each chapter use compelling graphical representations of ideas and information to help students remember and relate the big patterns of the chapter *Modern World History* Roger B. Beck, Linda Black, Larry S. Krieger, Phillip C. Naylor, Dahia Ibo Shabaka, 2006-02-09 **Teaching World History in the Twentyfirst Century** Heidi Roupp,
