Innovation, Universities, Science and Skills Committee,2009 In its report examining the impact of Lord Leitch s 2006 review of skills Prosperity for all in the global economy world class skills 2006 ISBN 9780118404860 the Innovation Universities Science and Skills Committee says the Government must place re skilling at the heart of its skills policy in order to meet the challenges of recession and redundancies Re skilling rather than up skilling should be the priority as redundancies force people to move to other sectors Government focus should be on tackling skills shortages and approaching skills as part of wider national economic development planning The Committee recommends that more flexibility is built into training support to ensure skills development meets current and future demand The abolition of the Learning and Skills Council and the creation of a new Skills Funding Agency for post 19 training could add to existing confusion about training and skills provision The system must be simplified and the Government should quickly provide clarity on the roles of the different organisations and ensure the system can be understood by its users It is essential that the Government s Train to Gain programme is made flexible enough to deal with rapid adjustments for unemployed people who need quick re training Aspects of Train to Gain are currently failing to satisfy different demands and unless the programme is radically re focused one of Leitch s central reform planks will be lost The sustainability of co funded higher education courses is a concern and the Committee warns that the current economic downturn may affect the willingness of employers to meet the required level of investment Hockey Scouting Report, 1998-1999 Sherry Ross,1998-09 Sportswriter Sherry Ross shares evaluations of every active NHL player Here are over 430 stars and role players from all 27 teams their photos stats heroics flops season records injuries strengths weaknesses and much more 432 illustrations UK Centre for Medical Research and Innovation Great Britain: Parliament: House of Commons: Innovation, Universities & Skills Committee,2008-01-23 This report from the Innovation Universities Cancer Research UK 150m the Wellcome Trust 100m and UCL 46m These figures are all estimates and the Committee believes that the MRC need to establish an accurate breakdown of the costs involved in the project Further the Treasury s appropriation of 92m of the MRC s savings has necessitated the MRC to apply for funding from The Large Facilities Capital

Fund and casts doubt over the MRC's ability to finance the project Secondly the Committee is concerned about the timetable and project management of the scheme given the requirement of the MRC to apply for additional funding Timetable challenges could be further exacerbated by the construction and project management skills in demand for the 2012 Olympics Also no planning permission had been gained from the local authority Camden Borough Council to use the site for a medical research centre Finally the Committee is concerned about the science vision for the centre and that there is clear mission for the new institute along with proper communication with staff over the direction of research programmes and facilities The Committee expects to receive quarterly updates on the project's development
