The Headmaster's Wager Vincent Lam, 2012-08-14 A superbly crafted highly suspenseful and deeply affecting debut novel about one man's loyalty to his country his family and his heritage Percival Chen is the headmaster of the most respected English academy in 1960s Saigon and he is well accustomed to bribing a forever changing list of government officials in order to maintain the elite status of his school Fiercely proud of his Chinese heritage he is quick to spot the business opportunities rife in a divided country though he also harbors a weakness for gambling haunts and the women who frequent them He devotedly ignores all news of the fighting that swirls around him but when his only son gets in trouble with the Vietnamese authorities Percival faces the limits of his connections and wealth and is forced to send him away In the loneliness that follows Percival finds solace in Jacqueline a beautiful woman of mixed French and Vietnamese heritage whom he is able to confide in But Percival's new found happiness is precarious and as the complexities of war encroach further into his world he must confront the tragedy of all he has refused to see Graced with intriguingly flawed but wonderfully human characters moving through a richly drawn historical landscape The Headmaster's Wager is an unforgettable story of love betrayal and sacrifice Praise for The Headmaster's Wager A sumptuously plotted first novel Lam goes for the jugular combining an operatic love story with evocations of Vietnam's occupation by the Japanese and the later horrors of the Vietcong's persecution of the city of Hue His most provocative character is the shadowy Teacher Mak Chen's longtime aide de camp whose shifting masks of comrade and adversary potently embody the intricate survival tactics required of aliens afloat in a country of fractured allegiances The New York Times Book Review A vivid palpable and lyrical document evoking a forgotten segment of modern Vietnamese history An unforgettable portrait of love betrayal and sacrifice Shelf Awareness A masterfully paced exploration of a world convulsed by war wherein faith and reason no longer hold sway Lam marshals his characters with humor suspense and tenderness as the fall of Saigon looms and depicts a world caught in an implacable cycle of violence leavened only by the grace of a father's

Life in School Martyn Hammersley,Peter Woods,2020-09-10 There can be little doubt that pupils own interpretations of what happens in their schools represent a crucial link in the educational chain We need to understand how pupils respond to different forms of pedagogy and school organization and why they respond in the ways they do in order to increase the effectiveness of our schooling In the ten years prior to first publication ethnographic studies of pupils in schools had increased in number and importance They had come to represent a leading area of inquiry which is still of relevance to practising and student teachers today However this material was not easily accessible being widely distributed across educational and sociological journals and books Originally published in 1984 this book collects together significant contributions to the field in a single volume and will still be of relevance to practising and trainee teachers and students of sociology and education **Merger of the Army Reserve Components** United States.
