If you are not sure of the correct installation of any part of the quick start guide, please download the complete installation manual available at www.autopageusa.com. This quick start guide is a brief outline for professional installers that are familiar with the installation and operation of the remote start system. Please test all of your equipment to insure proper operation of the vehicle system returning to the customer. For additional technical support, please call 800-888-8888 and visit for the first available technician. Technical support hours are Monday through Saturday from 8:00 to 1:00 Pacific Standard Time.

The Remote Starter with Remote Entry System has been designed to be installed on Transponder systems with an automatic transponder (DS-110).

Should install the vehicle system on a vehicle with a transponder system.

The system must be installed and tested through a safety switch as it will not start in any forward or reverse gear.

Some automatic transponder vehicles having other DS-110 vehicles with a remote starter may have a mechanical key, key, safety switch, or other safety switch. The mechanical key does not interrupt the starter circuit when the transponder is in any gear and does not allow the DS-110 to start in any forward or reverse gear. Therefore, the system should never be installed on any vehicle that uses a mechanical key, key, safety switch.

Once you install the system, you must verify that the vehicle will not start in any forward or reverse gear regardless of the type of vehicle.

Read the operation manual for operating the system. Do not install any component near the battery, gas pedal or shifting lever.

Some vehicles have a factory installed transponder system that can prevent complete installation. There is a possibility that the system cannot be installed on some automatic transponder vehicles.

Some vehicles have an ABS or air system. The vehicle must not be installed on any vehicle with an ABS system.

Disconnect the air battery before beginning work on the vehicle.

Check battery grounds before driving any vehicle. Ensure that no wiring harness or other components are located between the battery that would otherwise be damaged.

The use of non-standard wiring, such as, fuses or any wiring that wiring, is a safety hazard and may result in fire, injury or property damage. The suggested wiring of the connection points.

Install the wiring neatly under covers or within the to prevent possible damage to wires.
