Book Title Generator Scott Lorenz, 2020-05-15 The Proven System For Finding a Title That Sells Your Book Nobody buys a book unless they're first attracted by the title and cover. If the title doesn't grab them, it's game over. That's why Book Publicist Scott Lorenz of Westwind Book Marketing created a strategy for naming your book that'll get attention of potential buyers. Don't name your book until you've read *Book Title Generator*. Using the latest methods of getting a book ranked on search engines and in Amazon, Lorenz lays out a plan to help you get the right title for your book. Lorenz asks authors to consider all options in the quest for the perfect book title. From using numbers, alliteration, idioms, and keyword research, *Book Title Generator* covers them all. Many famous books we all know today started out with dreadful titles. Learn why when a title was changed, their book sales took off. As a Book Publicist, Scott Lorenz has helped title hundreds of books and promoted hundreds more. The last place you want to be as a small business is just one of many choices. You are no different from anyone else in your field, so no potential customers have anything to go on except price. You have to compete on price, so your profit margins go down and you get worse customers. If you get referrals at all, it will be Go to Joe. He is the cheapest. If you can establish yourself as the Go To Expert, then everything changes. You no longer compete on price because people are willing to pay more for expert help. Customers are more respectful and are much more likely to refer their friends and family, and these referrals come to you expecting premium pricing. Your profits go up and your hassles go down. Read this book to learn how to quickly become the Go To Expert in your industry.
