Biblical Gnosis Christian Gnosis,2014-12-21 True belief is the great human power Unfortunately believing in such ability is rather difficult especially in a world of skeptics Scientific knowledge or Gnosis regarding our transcendent nature helps facilitate such faith This book is meant for the open minded seeking a new paradigm Topics include The Bible An understanding of Jesus God heaven eternal life love faith sin death creation the fall of humankind astrological references The Passover The Son of Man and more Philosophy Plato Socrates Aristophanes Zen Alan Watts Henry David Thoreau Body Science Skin melanin and the new paradigm for human metabolism Divine Sexuality Soul Mate Divine Union Neuroscience EEG brain waves neuroanatomy neurotransmitters Divine memory deja vu the pineal gland Nature earth human synchrony the magic mushroom Metaphysics the eternal present moment the 4th dimension light matter vibration energy Scientific Figures Albert Einstein Nikola Tesla a new understanding of Charles Darwin The Gnostic Gospels **Invoking the Beyond:** Paul D. Collins,Phillip D. Collins,2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond Changing Christian Paradigms and their Implications for Modern Thought Knox,2018-11-13 Though the Bible and creeds have provided a compass for Christianity from earliest times the frameworks of thought within which they have been understood have constantly changed the contribution of Augustine to these changes being fundamental This book traces first these changes chronologically and shows how they have led to the separation of religion and science faith and reason supernatural and natural and so to current materialism but also to radical alterations to our understanding of God and his relationship to the world The second part shows in more detail how these changes have altered the significance of major features of Christian faith and led to serious incoherences And the third part shows not only how pre Augustinian and Biblical understandings cohere closely with modern science but that they have radical implications for our understanding of man his place in nature and survival of death for

Jesus Christ and for the role of the Churches *Inner Christianity* Richard Smoley, 2002-10-08 An eye opening introduction to the complex world of esoteric Christianity perfect for the general reader This guide to mystical and esoteric Christianity speaks from a nonsectarian point of view unearthing insights from the whole of the Christian tradition orthodox and heretical famous and obscure The esoteric tradition has traditionally searched for meanings that would yield a deeper inner knowledge of the divine While traditional Christianity draws a timeline from Adam s Fall to the Day of Judgment the esoteric often sees time as folding in on itself bringing every point to the here and now While the Church fought bitterly over dogma the esoteric borrowed freely from other traditions Kabbalah astrology and alchemy in their search for metaphors of inner truth Rather than basing his book around exponents of esoteric doctrine scholar Richard Smoley concentrates on the questions that are of interest to every searching Christian How can one attain direct spiritual experience What does the Fall really tell us about coming to terms with the world we live in Can we find salvation in everyday life How can we ascend spiritually through the various levels of existence What was Christ s true message to humankind From the Gospel of Thomas to A Course in Miracles from the Jesus Prayer to alchemy and Tarot from Origen to Dante to Jung Richard Smoley sheds the light of an alternative Christianity on these issues and more *Metamorphoses* Turid Karlsen Seim, Jorunn Økland, 2009 How were ideas and experiences of transformation expressed in early Christianity and early Judaism This volume explores the social and philosophical frameworks within which transformative ideas such as resurrection and practices of becoming a new being were shaped It also explores the analogies and parameters by which transformation was being observed noted and asserted The focus on transformation helps to connect topics that tend to be studied separately such as cosmology resurrection aging gender and conversion The textual material is wide ranging and there are new readings of core passages Ideas and experiences of transformations in early Christianity and early Judaism Connects topics that tend to be studied seperately cosmology resurrection aging gender conversion With wide ranging textual material [Dictionary of Gnosis and Western Esotericism](#) Wouter J.
