Flinders,P. Bruce Uhrmacher,2012-12-01 Curriculum and Teaching Dialogue CTD is a publication of the American Association of Teaching and Curriculum AATC a national learned society for the scholarly field of teaching and curriculum The field includes those working on the theory design and evaluation of educational programs at large At the university level faculty members identified with this field are typically affiliated with the departments of curriculum and instruction teacher education educational foundations elementary education secondary education and higher education CTD promotes all

analytical and interpretive approaches that are appropriate for the scholarly study of teaching and curriculum In fulfillment of this mission CTD addresses a range of issues across the broad fields of educational research and policy for all grade levels and types of educational programs Leaving Children Behind Angela Valenzuela,2004-11-24 The federal government has based much of its education policies on those adopted in Texas This book examines how Texas style accountability the notion that decisions governing retention promotion and graduation should be based on a single test score fails Latina o youth and their communities The contributors many of them from Texas scrutinize state policies concerning high stakes testing and provide new data that demonstrate how Texas current system of testing results in a plethora of new inequalities They argue that Texas policies exacerbate historic inequities fail to accommodate the needs and abilities of English language learners and that the dramatic educational improvement attributed to Texas system of accountability is itself questionable The book proposes a more valid and democratic approach to assessment and accountability that would combine standardized examinations with multiple sources of information about a student s academic performance **TExES Core Subjects EC-6 (291) Book + Online** Luis A.
