Pre-benedictine Monasticism Thomas Merton,2006 Thomas Merton s two series of Pre Benedictine Monasticism
conferences form both a supplement and a sequel to Cassian and the Fathers the first volume of Merton s conferences for
novices to be published in the Monastic Wisdom series Part One not only includes fresh insights on such leaders of early
monasticism as Anthony Pachomius Basil and Cassian but also considers long overlooked key figures like Martin of Tours
Shenoute of Atripe Melania the Younger and the pilgrim nun Egeria In Part Two Merton writing at a time when little
attention was generally given to these significant but neglected sources extends his investigations of early monastic life to
the Syriac tradition These conferences or lectures edited from Merton s own typescripts make available his keen
observations on the earliest phases of Christian monasticism and also provide important background material for a number of
his essays among them *From Pilgrimage to Crusade and Rain and the Rhinoceros* Women's Employment ,1928
