Teaching History and Social Studies to English Language Learners Luciana C. de Oliveira, Kathryn M. Obenchain, 2017-12-12 This book investigates the preparation of secondary history and social studies SS teachers to teach English language learners ELLs in twenty first century classrooms This edited collection focuses on the ways in which pre service and in service teachers have developed or may develop instructional effectiveness for working with ELLs in the secondary history and social studies classroom The authors address a variety of standards and content examples including the National Council for Social Studies C3 Framework and Curriculum Standards the Common Core State Standards for English Language Arts and content from history geography and civics This volume is part of a set of four edited books focused on teaching the key content areas to English language learners *Rethinking Field Experiences in Preservice Teacher Preparation* Etta R. Hollins, 2015-03-12 The focus of this book is the centrality of clinical experiences in preparing teachers to work with students from diverse cultural economic and experiential backgrounds Organized around three themes learning teaching through the approximation and representation of practice learning teaching situated in context and assessing and improving teacher preparation *Rethinking Field Experiences in Preservice Teacher Preparation* provides detailed descriptions of theoretically grounded research based practices in programs that prepare preservice teachers to contextualize teaching practices in ways that result in a positive impact on learning for traditionally underserved students These practices serve current demands for teacher accountability for student learning outcomes and model good practice for engaging teacher educators in meaningful productive dialogue and analysis geared to developing local programs characterized by coherence continuity and consistency *Metrics, Standards and Alignment in Teacher Policy* Jessica Holloway, 2021-01-07 This book looks at the narrowing effects of contemporary modes of teacher and teaching policy and governance It draws on political theory to provide new ways of conceptualising the effects of teacher and teaching policies and practices It adds a new dimension to the robust body of literature related to teacher policy by looking at three interrelated domains 1 teacher preparation and development 2 teacher evaluation and 3 teacher leadership Drawing from case studies from the USA UK and Australia it illustrates how a coalescence around metrics standards and compliance is producing increasingly restricted notions of teachers and teaching It shows how the rationalities and techniques associated with accountability and standardisation are limiting the possibilities for multiple conceptualisations of teaching and teachers to exist or emerge Using pluralism as the main framework it challenges the dangers associated with rigid compliance and alignment and argues that pluralism can help secure schools as socially and culturally responsive to the needs of the community *The SAGE Encyclopedia of Contemporary Early Childhood Education* Donna Couchenour, J. Kent Chrisman, 2016-03-15 The general public often views early childhood education as either simply babysitting or as preparation for later learning Of course both viewpoints are simplistic Deep understanding of child development best educational

practices based on development emergent curriculum cultural competence and applications of family systems are necessary for high quality early education Highly effective early childhood education is rare in that it requires collaboration and transitions among a variety of systems for children from birth through eight years of age The SAGE Encyclopedia of Contemporary Early Childhood Education presents in three comprehensive volumes advanced research accurate practical applications of research historical foundations and key facts from the field of contemporary early childhood education Through approximately 425 entries this work includes all areas of child development physical cognitive language social emotional aesthetic as well as comprehensive review of best educational practices with young children effective preparation for early childhood professionals and policy making practices and addresses such questions as How is the field of early childhood education defined What are the roots of this field of study How is the history of early childhood education similar to yet different from the study of public education What are the major influences on understandings of best practices in early childhood education
