Billie Phillips Coroner Report:

Murder in the Heartland Harry Spiller, 2003 For 16 years Harry Spiller worked as a deputy sheriff investigator and sheriff in a place where murder isn't supposed to happen Southern Illinois Investigating murder cases mainly in Williamson County and assisting in other counties he learned the hard reality that murder is all around us The act is swift for the victim and can happen to anyone anywhere at any time It doesn't matter if you live in a big city or a small county with brick front towns small farms white church houses lakes and ponds the Shawnee National Forest and the muddy rivers All too often victims fall prey in places that we think are safe to raise our families places where we take walks on hot summer nights where our children play in the park without concern where we fish in the local pond hoping to land the big one and where we leave our doors unlocked at night In this book Murder In The Heartland there are 20 case files

South Wales These horrific crimes shocked not only Wales but also made national headlines Although treated with compassion and sensitivity by the Welsh author and crime historian Gary M Dobbs these true stories are often gruesome and harrowing with no details spared in chronicling what were truly terrible events The reasons behind such violent crime are explored and we see the changing attitudes of society to crimes fuelled by alcohol poverty passion or increasingly so in modern times drug abuse The book also highlights the changing procedures of both the police and the courts in dealing with such crimes It contains stories of hardship and incredible poverty and of ordinary lives suddenly transformed by brutal and sickening violence Many of the killings contained within these pages remain unsolved such as the 1862 Tyntyla Farm Murder and the 1993 execution style killings of Megan and Harry Tooze The latter case remains one of South Wales most infamous unsolved murders Along the way we look at the case of Rhoda Willis the first woman to be hanged at Cardiff Prison and many many more gruesome but fascinating cases In all cases the author has painstakingly collected together every available piece of evidence to provide as clear a picture as possible Gary Dobbs carefully researched well illustrated and enthralling text will appeal to anyone interested in the darker side of history
