

Detected outside of hours of operation:

- If immediate action is necessary, arrangements should be made to contact the Systems Administrator, or another manager, who will contact the appropriate authorities and take any necessary steps to secure the premises until a complete evaluation of the damage can be made.
- In all instances, follow-up reports should be made to the Systems Administrator.

ROUTINE DESTRUCTION OF PROTECTED HEALTH INFORMATION

- All documents containing protected health information should be separated from regular trash and destroyed either by shredding or burning.
- When damaged, defective, or obsolete, all disks, tapes or any other storage medium containing PHI should be either erased or destroyed.

REPAIR AND ACCESS TO COMPUTER EQUIPMENT

- Access to equipment containing PHI by any service technician should kept to them minimum duration necessary to accomplish the desired job.
- Access to equipment by non-MBA personnel should be supervised or restricted to prevent inappropriate access to PHI.
- All non-MBA personnel should understand and sign a Second Tier Business Associate Agreement.

SECURING THE PREMISES

- All employees are responsible for closing and locking their window at the end of the day.
- After regular business hours, every employee should confirm that the front door to the office is locked as they leave the building.
- The side door is to remain locked at all times. The Systems Administrator will confirm daily.
- Upon termination of any employee for any cause, the pass code to the front door will be changed.
- The pass code to the front door will only be given to those employees whose schedule necessitates access before or after regular business hours.
- The pass code to the front door is only to be given out by a member of the management team. Any further dissemination is considered misconduct.

WORKSTATION USE

- Computers should be configured so that a screen saver appears when monitors are idle for 15 minutes. A password will be needed to return.

RECORD HANDLING

- Confidential records should not be left in a conspicuous location.
- All employees should pro-actively gather unattended records and return them to a secured area.

Clinical Research Law and Compliance Handbook John E. Steiner, 2006 Law Ethics **Regulatory reform compliance guide requirement has had little effect on agency practices.** , 2001 Section 212 does not appear to have had much of an impact in the agencies and years that we examined and its implementation has varied across and sometimes within the agencies The statute gives agencies broad discretion to decide which of their rules require compliance guides what has to be in the guides how they are developed when they have to be published and how they are distributed to

affected small entities Using that discretion an agency could legally exclude all of its rules from coverage by the statute designate a previously published document as its small entity compliance guide or develop and publish a guide with no input from small entities years after the covered rule takes effect Some of the ineffectiveness and inconsistency in the implementation of section 212 are traceable to the broad discretion provided to agencies in the RFA regarding the term significant economic impact on a substantial number of small entities Although a single rigid definition of this term may not be feasible we believe that some additional clarity can be provided Other problems with the compliance guide requirement are traceable to section 212 itself We offer suggestions on how Congress may wish to amend the statute to make clear when agencies must prepare a compliance guide under section 212 and the meaning of key terms in the statute **Risk**
