**Government Bills of Lading**, 1989 *Bills of Lading in Export Trade* Charles Debattista, 2009 concise well argued answers extremely useful addition to the armoury of practitioner and academic alike Cambridge Law Journal The new third edition of Professor Charles Debattista's well respected book takes a unique look at the sale of goods carried by sea under bills of lading It looks at the document as an instrument of international trade concentrating on the different things that sellers buyers and banks want out of bills of lading It also looks at the practical and legal problems which arise when the sale carriage and letter of credit contracts do not agree on what the bill of lading should look like Fundamental developments covered Since the last edition several cases have come to the English courts re examining fundamental practical problems with bills of lading Must a straight bill of lading be presented for delivery of goods When can a carrier clause a bill Does the letter of credit help in identifying the carrier under a bill of lading These questions lie at the centre of the sometimes difficult connections between the contracts of sale carriage and letter of credit No shipping or international trade practitioner should be without a copy of this book Important changes since the last edition The UCP600 and the ensuing change of rules regulating the tender of shipping documents under letters of credit The Starsin 2003 1 Lloyd's Rep 571 on identity of the carrier and the link with letters of credit The Rafaela S 2005 Lloyd's Rep 347 on what is a document of title Scottish Newcastle v Ghalanos 2008 UKHL11 on the nature of an fob contract The Ythan 2006 1 Lloyd's Rep 457 on the liability of a receiver of goods towards the carrier Incoterms 2000 Rules of practice regarding international sales revising the 1990 version Uniform Customs and Practice for Documentary Credits UCP600 **Amendment of the Bills of Lading Act, 1916**

United States. Congress. Senate. Committee on Interstate Commerce, 1922 **Delivery of Goods under Bills of Lading** Anders Møllmann, 2016-12-01 Probably the core characteristic of a bill of lading is that the original bill of lading must be presented at the port of destination for a consignee to be entitled to delivery of the goods and for the carrier to get a good discharge of its delivery obligation by delivering the goods to said consignee This notion is accepted virtually worldwide but

the more precise content of the presentation rule differs from jurisdiction to jurisdiction Furthermore and of importance the legal basis establishing the presentation rule differs With the technological advances in maritime transport as well as in communications technology and the emergence of more complicated trading patterns a system where a specific tangible piece of paper issued at the port of loading has to be presented at the port of discharge to obtain delivery of the goods seems almost archaic and can obviously create problems Thus in practice very often especially in some trades such as the oil trade the bill of lading is not available at the port of discharge when the ship is ready to deliver the cargo The book will first analyse the presentation rule its finer contents and its legal basis It will then go on with legal analyses of three developments and responses to the problems that the bill of lading system gives rise to in practice viz the commercial the international legislature s and the technological response The commercial response analysed here consists of contractual exemption or limitation clauses in the bill of lading set up as a defence against claims for misdelivery The international legislature s response denotes the adoption of the Rotterdam Rules which as the first international convention on carriage of goods by sea includes elaborate rules on delivery of the goods Finally the technological response denotes the possibility of using electronic equivalents of bills of lading The analyses will include a comparative approach examining both English and Scandinavian law to elucidate the issues with greater clarity *Lloyd's Shipping Law Library* Richard Aikens, Richard Lord, Michael D.
