Jones** ,1985      *Bought and Paid For* Charles Gasparino, 2012-07-31 A top reporter exposes the deep ties between the Obama administration and the big banks that are bankrupting our country As the recession continues President Obama has chastised the fat cats who feast off government bailout money while unemployment remains high and smaller businesses struggle But according to Gasparino Obama is faking his outrage and his calls for new policies to rein in banks that are too big to fail are just pabulum In reality Obama has climbed into bed with Wall Street CEOs giving them what they want so they will support his liberal big government agenda As a result the big banks responsible for the credit crisis get rescued while small businesses and ordinary Americans get crushed by higher taxes and irresponsible spending Gasparino draws on interviews with dozens of key CEOs and political players to trace the roots of Wall Street s twisted love affair with one of the most liberal presidents in American history He shows how for decades big banks and big business have colluded with big government thereby laying the groundwork for today s shady dealings and how the same bankers Obama now publically reprimands have supported him not because he promises change but because he promises business Written in Gasparino s characteristic smart yet no nonsense style this book is both an expos and a wake up call to all Americans to strike back against the people and policies who are ruining our country      *Catalog of Copyright Entries.
