Debbie Diller

Classroom Library Labels:

Your Classroom Library D. Ray Reutzel, Parker C. Fawson, Parker Fawson, 2002 Ready to go far beyond the usual classroom book collection to make your library a dynamic support for all your literacy teaching In this practical one of a kind book two veteran educators show you how to use your library as A resource for mini lessons on book selection author s craft comprehension strategies and other literacy lessons A source for interactive read alouds An extension of your shared reading and guided reading instruction A motivating place for students independent reading in many genres A gallery of student book responses recommendations and student authored works And much more

Literacy Work Stations Debbie Diller, 2003 This book will help teachers solve the dilemma What does the rest of my class do while I m working with a small reading group Debbie Diller offers practical suggestions for over a dozen literacy work stations that link to instruction and make preparation and management easy for teachers Learn how to set up work stations how to manage them and how to keep them going throughout the year Each chapter includes how to introduce each station materials to include at each station what to model how to solve problems how to differentiate how to assess and keep students accountable reflection questions for professional development Materials in both English and Spanish are provided in the extensive resource section Throughout the book the author has included photos of literacy workstations from a variety of classrooms in which she has worked to illustrate the methods discussed in the text

Practice with Purpose Debbie Diller, 2005 In her 30 years as an educator Debbie Diller has closely examined classroom practice asking Why What s the purpose Watching primary students work successfully at literacy work stations she wondered with teachers Why don t we have upper grade students doing this Could we kick it up a notch In her new book Debbie shows teachers of grades three to six how to structure their classrooms so that all students can be successful doing meaningful independent work using literacy work stations Practice with Purpose offers guidance on establishing routines for independent reading and response writing as well as step by step instructions on how to set up and manage a variety of hands on literacy work stations appropriate for intermediate students Each chapter includes how to introduce the station innovative ways to use materials what to model to guarantee independence how to troubleshoot assessment and accountability ideas how the station supports student achievement on state tests reflection questions for professional development The extensive appendix includes time saving tools such as management board icons graphic organizers task cards and recommended Web sites and children s literature

The Classroom Library Susan Catapano, Candace M. Thompson, 2021-10-08 The Classroom Library A Catalyst for Literacy Instruction serves two purposes by first providing classroom teachers with a how to guide in setting up and using the classroom library to support literacy Next it provides teachers with excerpts and stories of practicing teachers who have successfully used their classroom library to teach literacy A wide array of photos documents tips ideas and descriptions lead teachers to create a classroom library that will scaffold students in the classroom library to establish and extend their literacy development Several chapters

specifically focus on working with under served students including students in urban settings those who are learning English as a second language and students without access to other libraries Content in this book is easy to use to help teachers establish a library oasis in their classroom to support learners in preschool through grade eight classrooms This book is a companion book to *More Mirrors in the Classroom Using Urban Children s Literature to Increase Literacy* Both volumes cover the selection of culturally responsive children s literature

Culturally Sustaining Language and Literacy Practices for Pre-K-3 Classrooms Kindel Turner Nash,Alicia Arce-Boardman,Roderick D. Peele,Kerry Elson,2022-09-23 Literacy educators are often unequipped to help young children contend with the world we inhabit where linguistic literate and cultural pluralism are not always valued or sustained In fact educators are routinely bombarded by programs that position literacy as a simple one size fits all practice This resource will help pre K 3 teachers create and interpret literacy teaching processes practices and spaces that honor and extend children s fullness It is coauthored by three New York City teachers from ethnically racially and linguistically diverse schools who share vivid examples and everyday stories from their own classrooms Grounded in an accessible discussion of the value of culturally sustaining pedagogy and its potential to promote equity in elementary teaching this book can be used as a practical introduction to CSP practices for early childhood teachers and teacher candidates

Book Features Focuses on the capabilities of young children and their families rather than perceived deficits

Sometimes Reading is Hard Robin Bright,2021-08-24 When students say that reading is boring difficult overwhelming or they cannot find a good book it is almost impossible to sell them on the idea that reading is fun and worthwhile *Sometimes Reading is Hard* shows teachers how to develop the skills students need to be successful and how to cultivate passionate lifelong readers An intriguing look at the science of reading the book helps teachers understand the foundations upon which language and reading are learned so they can make their own good decisions about programs resources strategies and activities Classroom vignettes promising practices and step by step activities illustrate how teachers can weave teaching the skills of decoding vocabulary comprehension and fluency with real reasons to read This hands on teacher resource shows what a comprehensive research based reading program looks like in action
