#### Question 2:

#### Answer 2:

In 1850, a new law allowed an Indian who had converted to Christianity to inherit property of his ancestors. This law made it easier to convert to Christianity.

#### Question 3:

### Let's discuss

#### Question 5:

What could be the reasons for the confidence of the British rulers about their position in India before May 1857?

#### Answer 5:

Within hundred years of assuming the Diwani of Bengal, the British became the unquestioned rulers over a large part of the Indian subcontinent. They rarely had to use force to take control over a territory. They were doing profitable trade which was their main objective. They also succeeded in winning the support of most of the local rajas and chieftains. These are some of the possible reasons for the confidence of the British rulers about their position in India before May 1857.

#### Question 6:

What impact did Bahadur Shah Zafar's support to the rebellion have on the people and the ruling families?

#### Answer 6:

The decision by Bahadur Shah Zafar to support the rebellion had dramatically changed the entire situation. Most of the smaller rulers and chieftains had been ruling over their territories on behalf of the Mughal ruler. They hoped that if the Mughal ruler could once again resume power, they would also be able to rule their own territories once again. People were emboldened by an alternative possibility.
