

Chapter 1

The Cold War Era

OVERVIEW

This chapter provides a backdrop to the entire book. The end of the Cold War is usually seen as the beginning of the contemporary era in world politics which is the subject matter of this book. It is, therefore, appropriate that we begin the story with a discussion of the Cold War. The chapter shows how the dominance of two superpowers, the United States of America and the Soviet Union, was central to the Cold War. It tracks the various arenas of the Cold War in different parts of the world. The chapter views the Non-Aligned Movement (NAM) as a challenge to the dominance of the two superpowers and describes the attempts by the non-aligned countries to establish a New International Economic Order (NIEO) as a means of attaining economic development and political independence. It concludes with an assessment of India's role in NAM and asks how successful the policy of non-alignment has been in protecting India's interests.

The end of the Second World War led to the rise of two major centres of power. The two pictures above symbolise the victory of the US and the USSR in the Second World War.

Chapter The Cold War

Odd Arne Westad

Chapter The Cold War:

The Cold War Steve Phillips, 2001 Heinemann Advanced History is a series which supports the AS and A Levels starting September 2000 The series provides coverage of all the most popular topics so you can cover the whole of the specification with up to date resources Each book begins with an AS level section which is very accessible dealing with narrative and explanation of the topic There are extra notes biography boxes and definitions in the margin and summary boxes to help students assimilate the information This should help them make the transition from GCSE to A level The second section reflects the different demands of the higher level examination by concentrating on analysis and historians interpretations of the material covered in the AS sections This text concentrates on the Cold War **Cold War** Hourly History, 2016-11-20 The Cold War between the United States and the Soviet Union lasted from the end of World War II until the end of the 1980s Over the course of five decades they never came to blows directly Rather these two world superpowers competed in other arenas that would touch almost every corner of the globe Inside you will read about What Was the Cold War The Origins of the Cold War World War II and the Beginning of the Cold War The Cold War in the 1950s The Cold War in the 1960s The Cold War in the 1970s The Cold War in the 1980s and the End of the Cold War Both interfered in the affairs of other countries to win allies for their opposing ideologies In the process governments were destabilized ideas silenced revolutions broke out and culture was controlled This overview of the Cold War provides the story of how these two countries came to oppose one another and the impact it had on them and others around the world The Cold War J. P. D. Dunbabin, 2008 The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin's account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it The Cold War Klaus Larres, Ann Lane, 2001-10-08 This collection brings together the most influential and commonly studied articles on the Cold War Together with an introduction and concise headnotes this book provides students with easy access to seminal work and an analytical framework with which to approach their studies

The Cold War John Lewis Gaddis, 2006-12-26 Outstanding The most accessible distillation of that conflict yet written The Boston Globe Energetically written and lucid it makes an ideal introduction to the subject The New York Times The dean of Cold War historians The New York Times now presents the definitive account of the global confrontation that dominated the last half of the twentieth century Drawing on newly opened archives and the reminiscences of the major players John Lewis Gaddis explains not just what happened but why from the months in 1945 when the U S and the U S S R went from alliance

to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao Reagan and Gorbachev Brilliant accessible almost Shakespearean in its drama The Cold War stands as a triumphant summation of the era that more than any other shaped our own Gaddis is also the author of On Grand Strategy Origins of the Cold War Melvyn P. Leffler,2005 This second edition brings the collection up to date including the newest research from the Communist side of the Cold War and the most recent debates on culture race and intelligence **The Cold War** John Ziff,2015 During the Second World War the United States and the Soviet Union had worked together to defeat Nazi Germany But in the years after the war ended the former allies became bitter rivals The two superpowers did not fight each other directly instead they tried to get other countries to support their political and economic systems The Soviet Union supported the establishment of Communist governments that would answer to Soviet leaders The United States spent billions of dollars to rebuild Western Europe and sent military advisers and troops to many places in order to counter the threat of Communist expansion The period of U S Soviet tensions from 1947 until the fall of the Soviet Union in 1991 is known as the Cold War This book in the MAJOR U S HISTORICAL WARS series examines the events that led up to the Cold War It discusses the political and military strategies that the world s two superpowers the United States and the Soviet Union employed and provides information about key people battles and events The policies of the Cold War had an enormous impact on the modern world Each title in this series contains color photos maps chronology and back matter including an index further reading lists for books and internet resources and a series glossary Mason Crest s editorial team has placed Key Icons to Look for throughout the books in this series in an effort to encourage library readers to build knowledge gain awareness explore possibilities and expand their viewpoints through our content rich non fiction books Key Icons are as follows Words to Understand are shown at the front of each chapter with definitions These words are then used in the prose throughout that chapter and are emboldened so that the reader is able to reference back to the definitions building their vocabulary and enhancing their reading comprehension Sidebars are highlighted graphics with content rich material within that allows readers to build knowledge and broaden their perspectives by weaving together additional information to provide realistic and holistic perspectives Text Dependent Questions are placed at the end of each chapter They challenge the reader s comprehension of the chapter they have just read while sending the reader back to the text for more careful attention to the evidence presented there Research Projects are provided at the end of each chapter as well and provide readers with suggestions for projects that encourage deeper research and analysis A Series Glossary of Key Terms is included in the back matter contains terminology used throughout the series Words found here broaden the reader s knowledge and understanding of terms used in this field

America's Cold War Campbell Craig,Fredrik Logevall,2009-10-30 The Cold War dominated world affairs during the half century following World War II It ended in victory for the United States yet it was a costly triumph claiming trillions of dollars in defense spending and the lives of nearly 100 000 U S soldiers Apocalyptic anti communism sharply limited the

range of acceptable political debate while American actions overseas led to the death of millions of innocent civilians and destabilized dozens of nations that posed no threat to the United States In a brilliant new interpretation Campbell Craig and Fredrik Logevall reexamine the successes and failures of America's Cold War The United States dealt effectively with the threats of Soviet predominance in Europe and of nuclear war in the early years of the conflict But in engineering this policy American leaders successfully paved the way for domestic actors and institutions with a vested interest in the struggle's continuation Long after the U S S R had been effectively contained Washington continued to wage a virulent Cold War that entailed a massive arms buildup wars in Korea and Vietnam the support of repressive regimes and counterinsurgencies and a pronounced militarization of American political culture American foreign policy after 1945 was never simply a response to communist power or a crusade contrived solely by domestic interests It was always an amalgamation of both This provocative book lays bare the emergence of a political tradition in Washington that feeds on external dangers real or imagined a mindset that inflames U S foreign policy to this day Book Diplomacy in the Cultural Cold War, 2025-06-23 Broadly speaking book diplomacy covers the use of books to achieve certain objectives related to the foreign policy interests of a given country usually involving state private partnerships of varying degrees In this volume scholars from different disciplines examine in detail how books functioned as tools of soft power and cultural diplomacy during the cultural Cold War This study also introduces a 10 point typology to examine the many forms and practices of Cold War book diplomacy and the diversity of objectives and outcomes that they involved Looking beyond the Cold War this volume stresses the continuing importance of books as a distinct form of material culture used to convey information around the world Contributors are Tahoor Ali Hanna Blum Deborah Cohn Cile Cottenet Alexander Erokhin Esmaeil Haddadian Moghaddam Musa Igrek Julia Lin Thompson R sa Magn sd ttir Christos Mais Hafiz Abid Masood Mila Milani Birgitte Beck Pristed Giles Scott Smith Ilaria Sicari and Steven W Witt The Cold War Jussi M. Hanhimäki, Odd Arne Westad, 2004 The Cold War contains a selection of official and unofficial documents which provide a truly multi faceted account of the entire Cold War era The final selection of documents illustrates the global impact of the Cold War to the present day and establishes links between the Cold War and the events of 11th September 2001 **The Cold War** Odd Arne Westad, 2017-08-31 Odd Arne Westad's daring ambition supra nationalist intellect polyglot sources masterly scholarship and trenchant analysis make The Cold War a book of resounding importance for appraising our global future as well as understanding our past Richard Davenport Hines TLS Books of the Year As Germany and then Japan surrendered in 1945 there was a tremendous hope that a new and much better world could be created from the moral and physical ruins of the conflict Instead the combination of the huge power of the USA and USSR and the near total collapse of most of their rivals created a unique grim new environment the Cold War For over forty years the demands of the Cold War shaped the life of almost all of us There was no part of the world where East and West did not ultimately demand a blind and absolute allegiance and nowhere into which the West and East did not reach Countries as

remote from each other as Korea Angola and Cuba were defined by their allegiances Almost all civil wars became proxy conflicts for the superpowers Europe was seemingly split in two indefinitely Arne Westad s remarkable new book is the first to have the distance from these events and the ambition to create a convincing powerful narrative of the Cold War The book is genuinely global in its reach and captures the dramas and agonies of a period always overshadowed by the horror of nuclear war and which for millions of people was not cold at all a time of relentless violence squandered opportunities and moral failure This is a book of extraordinary scope and daring It is conventional to see the first half of the 20th century as a nightmare and the second half as a reprieve Westad shows that for much of the world the second half was by most measures even worse

The United States and the Origins of the Cold War, 1941-1947 John Lewis Gaddis, 2000 This book moves beyond the focus on economic considerations that was central to the work of New Left historians examining the many other forces domestic politics bureaucratic inertia quirks of personality and perceptions of Soviet intentions that influenced key decision makers in Washington

Cold War: Global Impact and Lessons Learned Allison L. Palmadessa, 2019-05-31 This interdisciplinary text takes into account the impact of the Cold War on various locales groups societies organizations and technology Included in this work are chapters on education political groups cultural challenges and rivalries nuclear technology and weaponry the impact of nuclear exposure and the new global order in a postnuclear age Edited by an historian each chapter is written from multiple disciplinary perspectives political science history social science science and medicine making this work exceptionally unique with broad sweeping conceptual frameworks methods and points of analysis all the while focused upon a four decade era of fear The work of Stivachtis and Manning offer an engaging look into the organization of the international community world affairs and intercultural challenges during the Cold War to understand the impact on global society through the lens of the English School of International Relations Cimbala s chapter delves into the challenges to controlling and understanding nuclear warfare throughout the Cold War and how the knowledge of control or preventing catastrophic nuclear war in the historic period is significantly different from the current nuclear age from the perspectives of what nations have weapons of what magnitude and the potential for warfare The impact of nuclear exposure well after the Cold War is examined in Osonos work which analyzes the physiological and neurological impact of nuclear waste on workers in China who unknowingly unearthed barrels of nuclear waste Nekola offers readers a view into the role of the exiled Czech political parties that operated in outside of the regulations of the Iron Curtain after the 1948 Communist Coup maintaining party publications and organization throughout the 1950s The work of BarNoi analyzes the relationship between the Israeli and Soviet governments as the nation of Israel was founded and ultimately placed in the political crosshairs of world leaders from 1945 to 1967 Palmadessa s works on U S education k12 compulsory and higher education considers the ways in which education responded to the call for patriotic support of the U S in opposition to the communist regime in Russia and the understanding of the global role education was to play The Cold War shook the world its institutions

cultural groups and scientific communities to their core The Cold War Global Impacts and Lessons Learned offers readers insight into the immediate challenges the continued obstacles and the knowledge gained from this tumultuous period riddled with fear that dominates the narrative of 20th century world history

Stalin's Cold War Caroline Kennedy-Pipe,1995 In the first analysis of the start of the Cold War from a Soviet viewpoint Caroline Kennedy Pipe draws on Russian source material to reach some startling conclusions She challenges the prevailing orthodoxy of Western historians to show how Moscow saw the presence of US troops in Europe in the 1940s and early 1950s as advantageous rather than as a check on Soviet ambitions The author points to a complex web of concerns than fuelled Moscow s actions and explores how the Soviet leadership and Stalin in particular responded to American policy She shows how the Soviet experience of the United States and Europe both before during and after the Second World War led Moscow to a policy that was not simply fuelled by anti Americanism Six chapters cover events from the wartime conferences of 1943 until the death of Stalin A final chapter places the book in the context of the current debate over the causes of the Cold War

The Global Cold War Odd Arne Westad,2005-10-24 The Cold War shaped the world we live in today its politics economics and military affairs This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we see today including the War on Terror It focuses on how the Third World policies of the two twentieth century superpowers the United States and the Soviet Union gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other Ranging from China to Indonesia Iran Ethiopia Angola Cuba and Nicaragua it provides a truly global perspective on the Cold War And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted interventions the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing

Fifteen Years of Fear Jared D. Williams,2018-11-30 The era immediately following World War II is usually remembered as an idyllic period in the United States of America Most people look back at that time as an era of malt shops school dances and innocence In reality the fifteen years following WWII were some of the most dangerous the nation ever faced Lurking in minds of all Americans was the constant fear of a surprise attack from the Soviet Union War with the communist nations of the world appeared to be imminent At this time a new class of leaders emerged to guide the United States The Cold War struggle brought out the best in some and the worst in others Men like Truman MacArthur Eisenhower Nixon McCarthy and Kennedy dominated the headlines and the political landscape This is the story of the opening chapter of the American Cold War story and the men who piloted the ship of state during that most dangerous of times

Origins of the Cold War, 1941-1949 Martin McCauley,2008 The Cold War is one of the most important and widely studied areas of history Martin McCauley s best selling Seminar Study unravels the complex issues which gave rise to the Cold War and explains how it originated This new edition is revised updated and expanded with new material on areas such as the KGB and spying and the contribution of intelligence to Stalin s picture of the world The new

introduction looks at our perceptions of the Cold War the various approaches that have been adopted for reviewing the Cold War and the difficulties of developing a theory of the Cold War The book incorporates the most recent scholarship theories and newly released information to provide students with an invaluable introduction to the subject 5 Steps to a 5 AP US History, 2012-2013 Edition Stephen Armstrong, 2011-06-10 A Perfect Plan for the Perfect Score We want you to succeed on your AP exam That s why we ve created this 5 step plan to help you study more effectively use your preparation time wisely and get your best score This easy to follow guide offers you a complete review of your AP course strategies to give you the edge on test day and plenty of practice with AP style test questions You ll sharpen your subject knowledge strengthen your thinking skills and build your test taking confidence with Full length practice exams modeled on the real test All the terms and concepts you need to know to get your best score Your choice of three customized study schedules so you can pick the one that meets your needs The 5 Step Plan helps you get the most out of your study time Step 1 Set Up Your Study Program Step 2 Determine Your Readiness Step 3 Develop the Strategies Step 4 Review the Knowledge Step 5 Build Your Confidence Topics include The Settling of the Western Hemisphere and Colonial America The British Empire in America Growth and Conflict Resistance Rebellion and Revolution The American Revolution and the New Nation The Establishment of the New Political Systems The Jeffersonian Revolution The Rise of Manufacturing and the Age of Jackson The Union Expanded and Challenged The Union Divided The Civil War The Era of Reconstruction Western Expansion and Its Impact on the American Character America Transformed into the Industrial Giant of the World The Rise of American Imperialism The Progressive Era The United States and World War I The Beginning of Modern America The Great Depression and the New Deal World War II The Origins of the Cold War Prosperity and Anxiety America in an Era of Turmoil Decline and Rebirth Prosperity and a New World Order The Threat of Terrorism and the Increase of Presidential Power Contemporary America Evaluating the Big Themes of American History **Cold War: An Illustrated History Coloring Book for Everyone (The Untold Story of the Uss Nautilus and the Cold War's Most Daring Mission)** Clayton Cofer, 101-01-01 This is a story about cold war soldiers warriors using intellect rather than arms to confront the enemy The enemy being the soviet union and their eastern european subordinates who intended to occupy and rule all of europe These are the recollections and memories of one of those cold war warriors He reminisces as he awaits aboard a troop ship docked in new yorkharbor to muster out of the united states army He is returning from germany where he served as a signals intelligence analyst assigned to an intelligence gathering and processing unit It encompasses the time from the latter part of world war ii through the height of the cold war in the early 1960s In this book you will learn High resolution illustrations of key events people and places focused on the numerous battles and conflicts during the cold war In depth backstory of each illustration allowing you to increase your knowledge while coloring and become familiar with facts that will leave you speechless Fascinating did you know Trivia lists that will amaze you with surprising information about nato soviet union nuclear triad and more Challenging quizzes that will

put you to the test all your recently acquired knowledge The cold war was the dominant global conflict of the twentieth century This volume begins with a discussion of the war s roots both deep and recent It analyzes the early years of the war immediately following world war ii It looks at the major events of the war and considers some of the themes that defined it as a military economic and cultural phenomenon It closes with an examination of the collapse of the soviet union in 1991 and a detailed timeline of the war

Cold War in a Cold Land David W. Mills, 2015-03-11 Most communists as any plains state patriot would have told you in the 1950s lived in Los Angeles or New York City not Minot North Dakota The Cold War as it played out across the Great Plains was not the Cold War of the American cities and coasts Nor was it tempered much by midwestern isolationism as common wisdom has it In this book David W Mills offers an enlightening look at what most of the heartland was up to while America was united in its war on Reds *Cold War in a Cold Land* adopts a regional perspective to develop a new understanding of a critical chapter in the nation s history Marx himself had no hope that landholding farmers would rise up as communist revolutionaries So it should come as no surprise that in places like South Dakota where 70 percent of the population owned land and worked for themselves people didn t take the threat of internal subversion very seriously Mills plumbs the historical record to show how residents of the plains states while deeply patriotic and supportive of the nation s foreign policy responded less than enthusiastically to national anticommunist programs Only South Dakota for example adopted a loyalty oath and it was fervently opposed throughout the state Only Montana prodded by one state legislator formed an investigation committee one that never investigated anyone and was quickly disbanded Plains state people were however highly churched and enthusiastically embraced federal attempts to use religion as a bulwark against atheistic communist ideology Even more enthusiastic was the Great Plains response to the military buildup that accompanied Cold War politics as the construction of airbases and missile fields brought untold economic benefits to the region A much needed nuanced account of how average citizens in middle America experienced Cold War politics and policies *Cold War in a Cold Land* is a significant addition to the history of both the Cold War and the Great Plains
