

CHAPTER- MOTIVATION

Motivation refers to the process by which a person's efforts are energized, directed, and sustained toward attaining a goal. There are three elements of motivation:

- Direction
- Intensity
- Persistency

There are two types of motivation. One is internal motivation which is generated by the person him. And second type of motivation is ignited by the others in the form of some appreciation.

Early Theories of Motivation

1. Maslow's Hierarchy of Needs

The best-known theory of motivation is probably Abraham Maslow's hierarchy of needs theory. Maslow was a psychologist who proposed that within every person is a hierarchy of five needs:

1. Physiological needs: A person's needs for food, drink, shelter, sex, and other physical requirements.

Industrial and Organizational Psychology Paul E. Spector, 2021-08-31 Explore the foundations of and latest developments in industrial organizational psychology from employee and employer perspectives In the newly revised Eighth Edition of Industrial and Organizational Psychology Research and Practice distinguished researcher and psychologist Paul E Spector delivers a robust and up to date

review of the industrial organizational field that covers the latest research on contemporary trends and traditional areas of the subject The author draws on four decades of research and teaching experience balancing employee and organizational perspectives by covering issues relating to both employee well being and productivity The new edition places a special focus on how technology is affecting a variety of issues in industrial organizational psychology especially employee selection and training The growing trend of gamification as it relates to employee assessment motivation and training is discussed Each chapter includes a special feature that links to the author s weekly blog expanding on the topics explained within the book The book includes an instructor guide for using the blog in class The book also offers Current and balanced discussions of the most pertinent issues in industrial organizational psychology today A special focus on the use of technology by employers to impact employee selection and training Practical discussions of gamification as a tool in employee assessment motivation and training Special features in each chapter that link back to the author s popular weekly blog on a variety of industrial organizational issues Perfect for undergraduate and graduate students studying industrial organizational psychology Industrial and Organizational Psychology Research and Practice will also earn a place in the libraries of business students with an interest in organizational psychology seeking an accessible overview of the industrial organizational field The Motivation to Work Frederick Herzberg, Bernard Mausner, Barbara Bloch Snyderman, 2011-12-31 Quality work that fosters job satisfaction and health enjoys top priority in industry all over the world This was not always so Until recently analysis of job attitudes focused primarily on human relations problems within organizations While American industry was trying to solve the unsolvable problem of avoiding interpersonal dissatisfaction problems with the potential for solution such as training and quality production were ignored When first published The Motivation to Work challenged the received wisdom by showing that worker fulfillment came from achievement and growth within the job itself In his new introduction Herzberg examines thirty years of motivational research in job related areas Based on workers accounts of real events that have made them feel good or bad on the job the findings of Herzberg and his colleagues have stimulated research and controversy that continue to the present day The authors surprisingly found that while a poor work environment generated discontent improved conditions seldom brought about improved attitudes Instead satisfaction came most often from factors intrinsic to work achievements job recognition and work that was challenging interesting and responsible The evidence marshaled by this volume called into question many previous assumptions about job satisfaction and worker motivation Feelings about intrinsic and extrinsic factors could not be validly averaged on a single scale of measurement Motivation and performance are not merely dependent upon environmental needs and external rewards Frederick Herzberg and his staff based their motivation hygiene theory on a variety of human needs and applied it to a strategy of job enrichment that has widely influenced motivation and job design strategies Motivation to Work is a landmark volume that is of enduring interest to sociologists psychologists labor studies specialists and organization analysts *Silent Reading* Charles E.
