### Class 10 History

#### Chapter 3 - The Making of Global World

- Globalization refers to integrate national economies with the global economies. This actually increases the value of the national marketplace & also helps the country's economy to develop in a better sense and gain recognition. The History of globalization is a testament to all the events that have led to this drastic social and economic change.
- **Globalization-** It is defined as an economic system which is associated with the free movement of technology, goods, people, and ideas all across the world. This term is normally used to describe the rapid increasing interdependence of the world's cultures, populations and their growing economies. This change is generally brought by cross-trade b/w different countries across the world.
- **First World War**

Over 30 nations declared this war between 1914 and 1918. The majority were on the side of the Allies, including Serbia, Russia, France, Britain, Italy and the United States. They were opposed by rivals Germany, Austria-Hungary, Bulgaria and the erstwhile Ottoman Empire, who together called the Central Powers.
- **Silk Routes**

It was one of the most important route that linked distant places across the world in ancient times. This routes existed before the Christian Era and thrived
