Covering genres from adventure and fantasy to horror science fiction and superheroes this guide maps the vast terrain of graphic novels describing and organizing titles to help librarians balance their graphic novel collections and direct patrons to read alike. New subgenres, new authors, new artists, and new titles appear daily in the comic book and manga world joining thousands of existing titles, some of which are very popular and well known to the enthusiastic readers of books in this genre. How do you determine which graphic novels to purchase and which to recommend to teen and adult readers? This updated guide is intended to help you start, update, or maintain a graphic novel collection and advise readers about the genre. Containing mostly new information as compared to the previous edition, the book covers iconic super hero comics and other classic and contemporary crime fighter based comics, action and adventure comics including prehistoric heroic explorer and Far East adventure as well as Western adventure science fiction titles that encompass space opera, fantasy, aliens, post apocalyptic themes, and comics with storylines revolving around computers, robots, and artificial intelligence. There are also chapters dedicated to fantasy titles, horror titles such as comics about vampires, werewolves, monsters, ghosts, and the occult, crime and mystery titles regarding detectives, police officers, junior sleuths, and true crime comics on contemporary life covering romance, coming of age stories, sports, and social and political issues, humorous titles, and various nonfiction graphic novels.

Along with the other animals of immaculate pelt they form the WASP association: W for White, AS for Anglo Saxon, P for Protestant. All other town residents from the black magpie to the reddish brown fox to the tabby cat are nothing but trash. And if the police aren't able to enforce white law, the wide reaching arms of the ruthless Arctic Nation party hooded and decked out in white robes will soon put things in order. And they've got all the ropes and burning crosses they need. In this unwelcoming environment, Blacksad, a private detective, is investigating the disappearance of a child of color, Kyle Dinah. Kyle's mother had a job as Karup's housemaid and some say she was getting pretty friendly with Oldsmill's son. It doesn't take Blacksad long to get his claws right into the vipers' nest and he's as quick to lash out as any of them.
