

The background of the entire image is a dramatic landscape. It features a dark, stormy sky with several bright yellow lightning bolts striking down. A vibrant rainbow is visible in the center of the image, arching over a green field. In the foreground, a dark, winding road or path leads towards the horizon. The overall mood is one of hope and resilience, despite the stormy weather.

condemned as corrupt and banned from Florence on pain of death But in 1329 eight years after his death he was again viciously condemned this time as a heretic and false prophet by Friar Guido Vernani From Vernani s inquisitorial viewpoint the author of the Commedia seduced his readers by offering them a vessel of demonic poison mixed with poetic fantasies designed to destroy the healthful truth of Catholicism Thanks to such pious vituperations a sulphurous fume of unorthodoxy has persistently clung to the mantle of Dante s poetic fame The primary critical purpose of Dante the Unorthodox is to examine the aesthetic impulses behind the theological and political reasons for Dante s allegory of mid life divergence from the papally prescribed way of salvation Marking the septicentennial of his exile the book s eighteen critical essays three excerpts from an allegorical drama and a portfolio of fourteen contemporary artworks address the issue of the poet s conflicted relation to orthodoxy By bringing the unorthodox out of the realm of secret things by uncensoring them at every turn Dante dared to oppose the censorious regime of Latin Christianity with a transgressive zeal more threatening to papal authority than the demonic hostility feared by Friar Vernani
