

### Selecting a location for your system

The Multi-CD Changer is designed to be used in a dry, indoor location. Before you connect the Multi-CD Changer to the stereo system, check to make certain that the location meets the following guidelines:

- Place the system in an area with good ventilation.
- To ensure maximum performance, place the system away from heat, dust, and any other factors that may affect its operation.
- Place the system where the front of the unit is not obstructed by anything in a corner.

**CAUTION:** Do not place the system in a location where it will be exposed to excessive heat or moisture.

**CAUTION:** Do not place the system in a location where it will be exposed to excessive heat or moisture.

**NOTE:** Do not place the system in a location where it will be exposed to excessive heat or moisture.

### Inserting your stereo system on the Multi-CD Changer

With the changer inserted in your stereo system, identify the stereo system on top of the changer.

- Make sure the rear of the stereo system is not the bottom of the unit.
- Make sure the stereo system is not over the rear edge of the unit and is supported.

### Connecting the Multi-CD Changer to your stereo system

#### CAUTION:

Before making any connections, make sure the system is powered off. Do not connect the Multi-CD Changer to the stereo system until you are ready to use it.

Before you start the setup procedure, disconnect the AC power cord on your stereo system and wait 30 seconds. You will need to use it again in Step 5.

1. Plug the stereo system into the changer from the back of the changer and connect it to the stereo system.
2. Plug the changer power cord into the AC power input connector on the back of the stereo system.
3. Plug the stereo system AC power cord into the AC power input connector on the back of the changer.
4. Plug the other end of the AC power cord into a standard wall outlet.

After starting power, "POWER ON" appears on the display for about 30 seconds, which is normal operation. Do not operate the unit until the display disappears.

5. Do not use the changer. Disconnect the AC power cord to check operation. Do not use the unit until the power cord is plugged back in.
