

Boss English Edition

Carol Cox, Maya Zumstein-Shaha

Boss English Edition:

My Boss's Kitten 7 Yumi Hisawa, 2020-11-03 Aya met Bucho's family and spent a heart warming time with them. When February hit, the whole town was in full Valentine's Day mode and Aya's mind was full of Bucho. The two will finally find their ultimate happiness together. Yumi Hisawa presents the heart-clenching love story of a girl who lost love and her sadistic boss living under the same roof.

My Boss's Kitten Yumi Hisawa, 2020-01-21 After finally getting along with Bucho's nephew Hiroshi, Aya has gotten even closer to her beloved and as a reward for doing her best over the last week, Aya embarks on her first hot springs trip with him. She gets to see Bucho in a yukata and even in glasses. What's more, she gets to share an exciting and steamy open-air bath with him. Here's another episode in Yumi Hisawa's dangerous and heart-throbbing cohabitation love story.

My Boss's Kitten 6 Yumi Hisawa, 2020-09-08 With the incident surrounding Bucho's wife coming to a close, it's finally time to greet the new year. When Aya says she's going to visit her parents, Bucho asks if he could come as well. Here's another exciting volume to Yumi Hisawa's heart-throbbing and dangerous love story of the girl who lost love and her boss under the same roof.

The Phenomenon of Mental Disorder Petr Kouba, 2014-11-18 This book provides a critical introduction to Heidegger's impact on psychiatry and psychology and has a focus on the application of his philosophy to psychiatry. This is a complete revision of Heidegger's existential philosophy in the light of psychopathological phenomena. Readers will find here a philosophical inquiry into the problem of mental disorder which shows Heidegger's own philosophy in a new light, uncovering both its strengths and its weak points. The author maps not only Heidegger's interaction with psychiatric thought as depicted in his Zollikon Seminars but also his influence on Swiss phenomenological psychiatry. The work treats Heidegger in a critical way, taking the phenomenon of mental disorder as a touchstone on which Heidegger's thought is tested. The results of such a critical examination are important not only for a better understanding of psychopathological phenomena but also for a new understanding of Heidegger's approach to human existence. This work treats the phenomenon of mental disorder as a philosophical problem that reflects the ontological character of human existence. Heidegger's approach to mental disorder is confronted with the conceptions of Foucault, Deleuze and Guattari in a novel way. The book is more than just an historical overview as it highlights the limits of phenomenological thought in the area of psychiatry and it shows a possible way of moving beyond them. This is a philosophical work with an interdisciplinary range. Scholars of philosophy and those in the growing field of philosophy of psychiatry as well as those with an interest in Heidegger Studies will be particularly interested in this work.

A Theory of Cancer Care in Healthcare Settings Carol Cox, Maya Zumstein-Shaha, 2017-09-01 This book provides healthcare professionals with a practice theory for the care and management of patients who have been diagnosed with cancer. It explores what patients experience and how healthcare professionals can assist them in dealing with their uncertainty and fear as well as planning for the future. Unique to the book is its explication of the emerging theory The Omnipresence of Cancer which is set in the context of a discussion of earlier

theories also concerned with cancer care Chapters demonstrate how The Omnipresence of Cancer has been developed validated through research and being further tested in relation to cancer care In particular a chapter on philosophical reflections using theory to produce knowledge for practice is included Each chapter provides essential background a synthesis of the current state of knowledge and practice examples associated with cancer care The combination of theoretical reflection and practice examples is designed to promote comprehension and guidance on implementation of the theory as well as recommendations for practice This book will be of significant interest to healthcare students and professionals working in the field of cancer care and oncology particularly healthcare professionals working in advanced practice roles and nurse educators It is also anticipated that professionals working in pastoral care occupational therapy social work and radiography will be interested in this book
