Dagbovie, 2025-02-01 Forever in the Path The Black Experience at Michigan State University offers a sweeping overview of the Black experience at America's first agricultural college from the 1890s through the late twentieth century In exploring the personalities important events and key turning points of Black life at the university this book deftly blends intellectual history social history educational history institutional history and the African American biographical tradition Pero G. Dagbovie depicts and imagines how his numerous subjects' upbringings and experiences at the institution informed

their futures and how they benefitted from and contributed to MSU's vision, mission and transformative role in the history of higher education. Michigan State University, founded in 1855 as the Agricultural College of the State of Michigan, has a fascinating past, a history shaped by vacillating local and national contexts as well as by people from different walks of life. The first Black students arrived on campus during the late nineteenth and early twentieth centuries, and the first full-time Black faculty member was hired in the late 1940s. Before and after the modern Civil Rights Movement, African Americans from various backgrounds were transformed by MSU while also profoundly contributing in vital ways to the institution's growth and evolving identity. *Barron's Profiles of American Colleges*, 1972. *Woodcarving Illustrated*, Issue 65, Holiday 2013.
