This efficient, clean and accurate system is a long-standing feature of innovation in medicine. To give you an example, in the 1980s, people had to come to the hospital to get their blood pressure taken. Now, thanks to the portable, accurate, and easy-to-use Omron® blood pressure monitors, you can take your blood pressure at home, at work, or on the go. And you can even track your blood pressure over time with the Omron Connect™ app. So, you can see how your blood pressure is changing and make adjustments to your lifestyle or medication as needed. And, you can share your blood pressure data with your doctor, so they can make sure you're getting the best care possible.
