Thesis Projects Mikael Berndtsson, Jörgen Hansson, B. Olsson, Björn Lundell, 2007-10-25 You're a computing or information student with a huge mountain to climb that final year research project. Don't worry because with this book guardian angels are at hand in the form of four brilliant academics who will guide you through the process. The book provides you with all the tools necessary to successfully complete a final year research project. Based on an approach that has been tried and tested on over 500 projects, it offers a simple step-by-step guide to the key processes involved. Not only that, but the book also contains lots of useful information for supervisors and examiners including guidelines on how to review a final year project.

Advances in Multimedia, Software Engineering and Computing Vol.1 David Jin, Sally Lin, 2011-11-23
MSEC2011 is an integrated conference concentrating its focus upon Multimedia Software Engineering Computing and Education. In the proceeding you can learn much more knowledge about Multimedia Software Engineering Computing and Education of researchers all around the world. The main role of the proceeding is to be used as an exchange pillar for researchers who are working in the mentioned field. In order to meet high standard of Springer AISC series, the organization committee has made their efforts to do the following things: Firstly, poor quality paper has been refused after reviewing course by anonymous referee experts. Secondly, periodically review meetings have been held around the reviewers about five times for exchanging reviewing suggestions. Finally, the conference organization had several preliminary sessions before the conference. Through efforts of different people and departments, the conference will be successful and fruitful.

Writing Qualitative Research on Practice, 2009-01-01 Writing Qualitative Research on Practice brings together key authors in the field of qualitative research to critique current trends and expand discourse about the challenges and practices of writing qualitative research. This book is located in the context of professional practice and the practice world. It scopes and maps the broad horizons of qualitative research on practice and explores writing in major qualitative research traditions. A key issue addressed in writing qualitative research, particularly the narrative forms, is finding a way to write that encapsulates the goals and genre of the research project. Writing is presented as a process and journey and also a way of thinking and creating knowledge. Within research writing is an essential expression of the research frame of reference and a key element of the research genre. This book explores writing for a range of publications including books, chapters, theses and papers for journals. The practical and accessible style of this book makes it an invaluable resource for postgraduate research students, teachers and supervisors and scholars of qualitative research.
