

## Computer Scavenger Hunt

# SCAVENGER HUNT!

### Introduction

Computers are everywhere! You can find them in cars, microwave ovens, video game systems, and even in some electronic toys. We probably use computers everyday without knowing it!

Computers don't always look like this, or this. They do so much good, but can be bad as well. Social media can be good and bad because it can sometimes lead to bullying. Watching too many videos or playing too many games is not good for you as well.

### Directions

Today we are going to look for things that we may use or need everyday and computers and technology are there.

The goal is to:

1. Find 5 or more things run by a computer
2. Find 5 or more things that are NOT.

**Afterwards, we can talk about:**

- How do the things run by computers help us?
- How do things not run by computers help us?
