Conceptual Physical Science Paul G. Hewitt, John Suchocki, Leslie A. Hewitt, 2004 *Conceptual Physical Science* Third Edition takes learning physical science to a new level by combining Hewitt's leading conceptual approach and friendly writing style in a new edition that provides stronger integration of the sciences more quantitative coverage and a wealth of new media resources to help professors in class and students out of class. The book's consistent high quality coverage includes five new chapters on chemistry, astronomy, and earth science for an even more balanced approach to physical science. New Looking Forward and Looking Back boxes connect themes and concepts throughout the book, helping students see the big picture. More computational coverage, e.g., Figuring Physical Science in chapter calculation, allows students to practice the quantitative skills they need to master the concepts of physical science and be able to apply their knowledge. Looking Forward and Looking Back boxes in every chapter connect themes and concepts throughout the book, helping students see the big picture of physical science. Powerful media package includes a comprehensive suite of award-winning interactive online tutorials that offer students 24/7 help. A media guide Subject Guide to Books in Print, 1991 Beginning and Intermediate Algebra, 2003 NASA SP., 1995 Science Instruction in the Middle and Secondary Schools Eugene L. Chiappetta, Thomas R. Koballa, 2002. This science methods textbook is designed to prepare middle and high school science teachers to help students become scientifically and technologically literate by first helping them understand the elements of science reform and then supporting their efforts. Features new to the fifth edition include Open cases and vignettes that illustrate how science teachers help students construct their own understanding. Stop and Reflect exercises throughout each chapter to help readers contextualize and reflect upon what was read. Expanded coverage of teaching students with special needs and equity in science teaching and learning. Discussion of a variety of alternative and authentic assessment methods.
