Lemon-Aid New and Used Cars and Trucks 2007-2017 Phil Edmonston, 2017-03-11 Dr Phil Canada's best known automotive expert invites another driver to come aboard After forty six years and almost two million copies sold Phil Edmonston is joined by a co pilot for the Lemon Aid Guide George Iny along with the editors of the Automobile Protection Association The 2017 Lemon Aid has everything an encyclopedic lineup of the best and worst cars trucks and SUVs sold since 2007 secret warranties and tips on the art of complaining to help you get your money back and new car buying tips that will save you tons of money by revealing the inflated cost of fancy and frivolous add ons Lemon Aid is an essential guide for careful buyers and long time gear heads who don't know as much as they think *If You're in a Dogfight, Become a Cat!*

Leonard Sherman, 2017-01-10 Businesses often find themselves trapped in a competitive dogfight scratching and clawing for market share with products consumers view as largely undifferentiated Conventional wisdom suggests that dogfights are to be expected as marketplaces mature giving rise to the notion that there are bad industries where it is unlikely that any company can succeed But there are notable exceptions in which enlightened executives have changed the rules to grasp the holy grail of business long term profitable growth Rather than joining the dogfights raging within their industry companies such as Apple FedEx and Starbucks have chosen to become metaphorical cats continuously renewing their distinctive strategies to compete on their own terms In *If You're in a Dogfight Become a Cat* Leonard Sherman draws on four decades of experience in management consulting venture capital and teaching business strategy at Columbia Business School to share practical advice on two of the most vexing issues facing business executives why is it so hard to achieve long term profitable growth and what can companies do to break away from the pack Sherman takes the reader on a provocative journey through the building blocks of business strategy by challenging conventional wisdom on a number of questions that will redefine management best practices What should be the overarching purpose of your business Do you really know what your strategy is Is there such a thing as a bad industry Where do great ideas come from and how do I find them What makes products meaningfully different What makes and breaks great brands How and when should I disrupt my own company What are the imperatives to achieving long term profitable growth Filled with dozens of illustrative examples of inspiring successes and dispiriting falls from grace this book provides deep insights on how to become the cat in a dogfight whether you are a CEO mid level manager aspiring business school student or curious observer interested in achieving sustained profitable growth

Transnational Cultural Flow from Home Pyong Gap Min, 2022-12-09 When the first wave of post 1965 Korean immigrants arrived in the New York New Jersey area in the early 1970s they were reliant on retail and service businesses in the minority neighborhoods where they were This caused ongoing conflicts with customers in black neighborhoods of New York City with white suppliers at Hunts Point Produce Market and with city government agencies that regulated small business activities In addition because of the times Korean immigrants had very little contact with their homeland Korean

immigrants in the area were highly segregated from both the mainstream New York society and South Korea. However, after the 1990 Immigration Act, Korean immigrants with professional and managerial backgrounds have found occupations in the mainstream economy. Korean community leaders also engaged in active political campaigns to get Korean candidates elected as city council members and higher levels of legislative positions in the area. The Korean community's integration into mainstream society also increasingly developed stronger transnational ties to their homeland and spurred the inclusion of everyday Korean life in the NY NJ area. Transnational Cultural Flow from Home examines New York Korean immigrants' collective efforts to preserve their cultural traditions and cultural practices and their efforts to transmit and promote them to New Yorkers by focusing on the Korean cultural elements such as language, foods, cultural festivals, and traditional and contemporary performing arts.
