Life Strategies (draft), Part three: Theatre and Non-Novel Florentin Smarandache, 2008-01-01 The world is a stage says Shakespeare Perhaps this phrase carries more meaning than a mere metaphor because as we know well we have to do some roles in each particular sphere of life Then it is true that new ideas are always in demand in order to refresh our thinking on these roles This small book which is rather a draft comprises a collection of ideas viewpoints and methods in various aspects of theater performance arts non novel etc compiled or inspired from various lectures or studies If for no other reason the

ideas listed here at least can stimulate further thoughts and ideas for instance young writers may use these ideas to make his her drama or novel more enthralling I started to write down such ideas since I was a high school student and continue even today I always bear with me a small pen and a small notebook where I write in the plane or when driving my car or even in classroom However I hope that despite over three decades of postponement this small booklet will keep on inspiring the reader as good ideas will always be worth to ponder
