Pure and Simple Nancy Robinson's cookbook could not come at a better time. The whole world is beginning to realize that animal agriculture, a major source of water pollution and deforestation, is one of the biggest culprits in global warming. The 2007 United Nations report shows that farmed animals are a top contributor to today's serious environmental problems, including greenhouse gases. The global increase in meat consumption also causes rates of obesity, diabetes, heart disease, and other diet-related illnesses to soar. If we're going to reverse the damage we've done to our health and the environment, we have to begin now. Around the World Vegan Style is a step in that direction.

Patrice Green, M.D., J.D., Assistant Professor, University of Maryland School of Medicine, Faculty Member, Union Memorial Hospital, Internal Medicine Fellow, American College of Legal Medicine: There is just food and the land to grow that food. If we can all just realize this simple fact for one moment and stop fighting over the land that holds the roots that support the tree that bears the fruit that feeds the child, then maybe just maybe peace.

Around the World Vegan Style is more than a cookbook. Nancy Robinson shares how the vegan lifestyle embraces all facets of just food for all life.

George Eisman, Registered Dietitian, Teacher, and Clinician: Author, *The Most Noble Diet*. I'm delighted to recommend Around the World Vegan Style. Nancy Robinson's cooking is out of this world. Luckily, her superb recipes from around the world are right here in this book. Nancy combines exquisite flavors with the most sumptuous dining experience. There is just one thing to do: dig in and enjoy.

For the past ten years, Jean Anderson has been on a quest to search out the most popular recipes of the 20th century and to chronicle 100 years of culinary change in America. The result is a rich and fascinating look at where we've been, at the recipes our mothers and grandmothers loved, and at how our own tastes have evolved. The more than 500 cherished recipes in these pages are mainstays of American home cooking: the recipes that have remained favorites year after year. For the smallest sampling: California dip, Buffalo chicken wings, vichyssoise, tuna noodle casserole, Swiss steak, frosted meat loaf, tamale pie, corn dogs, lobster rolls, classic green bean bake, perfection salad, green goddess salad, frozen fruit salad, chiffon cake, brownies, chocolate chip cookies, chocolate decadence.

Beyond this collection is Jean's exploration of the diversity of our nation's cuisine and our adoption of such foreign dishes as pizza, gazpacho, lasagne, moussaka, and tarte tatin. Her painstakingly researched text

includes extensive headnotes thumbnail profiles of important people and products from Fannie Farmer to James Beard and from electric refrigerators to the microwave and a timeline of major 20th century food firsts In recording popular recipes that might have been lost in setting them in richly detailed historical context Jean Anderson has written her masterwork *The American Century Cookbook* may well be the most important new cookbook of the decade it is certainly the book America will love
