Poe for Your Problems Catherine Baab-Muguira,2021-09-07 When life s got you down and things aren t going your way who better to turn to than Edgar Allan Poe Discover how to say nevermore to your problems in this darkly comedic and refreshing self help guide Of all the writers anywhere Poe would seem to be the least likely person you d want to turn to for advice His life was a complete dumpster fire he had tons of failed relationships not many people liked him he was a drunk he was always broke he often went hungry even his own death was somewhat of a mystery However that s also precisely the point Somehow even when Poe failed he also persevered Drawing deeply on his works and life Catherine Baab Muguira takes the familiar image of Poe in a new and surprising direction in this darkly inspiring self help book Despite what you might think Edgar Allan Poe somehow is the perfect person to teach you to say Nevermore problems and show you how to use all the terrible situations tough breaks bad luck and even your darkest emotions in novel and creative ways to make a name for yourself and carve out your own unique notorious place in the world An inspirational tale for black sheep everywhere Poe for Your Problems will teach you how to overcome life s biggest challenges and succeed at work love and art despite the odds and no matter your flaws

Eighteenth-Century Thing Theory in a Global Context Ileana Baird,Christina Ionescu,2016-04-29 Exploring Enlightenment attitudes toward things and their relation to human subjects this collection offers a geographically wide ranging perspective on what the eighteenth century looked like beyond British or British colonial borders To highlight trends fashions and cultural imports of truly global significance the contributors draw their case studies from Western Europe Russia Africa Latin America and Oceania This survey underscores the multifarious ways in which new theoretical approaches such as thing theory or material and visual culture studies revise our understanding of the people and objects that inhabit the phenomenological spaces of the eighteenth century Rather than focusing on a particular geographical area or on the global as a juxtaposition of regions with a distinctive cultural footprint this collection draws attention to the unforeseen relational maps drawn by things in their global peregrinations celebrating the logic of serendipity that transforms the object into some thing else when it is placed in a new locale
