**William Gray, John Hunter, Joseph  
McBride**

## **Blood And Guts Dispatches From The Whale Wars:**

Blood & Guts: Dispatches from the Whale Wars (Large Print 16pt) Sam Vincent, 2014-10-10 I pull on my balaclava and step onto the bridge wing. It's loud outside. I can hear the rumbles of nine vessels' engines and the hiss of ten water cannons. Suddenly the bridge is full of refugees from the upper deck. They are blocking my view out the back windows but their faces, afraid, excited, awestruck, illustrate the looming presence of the Nisshin. I bend my knees and grip the bench, ready for the crunch. In *Blood and Guts*, Sam Vincent plunges into the whale wars. Vincent sets sail with Sea Shepherd, led by the charismatic and abrasive Paul Watson. He attends the recent case at the International Court of Justice which finds Japan's scientific whaling in the Southern Ocean to be unlawful. And he travels to Japan to investigate why its government doggedly continues to bankroll the unprofitable hunt. This is a fresh, funny, and intelligent look at how Australia has become the most vocal anti-whaling nation on Earth. Vincent skewers hypocrisy and sheds light on motives noble and otherwise. With Japan planning to relaunch its lethal program in 2015, the whale wars are set to continue. *Blood and Guts* is a riveting work of immersion journalism that lays bare the forces driving this conflict.

*Historical Dictionary of Environmentalism* Peter Dauvergne, 2016-09-09 To capture the diversity within environmentalism, this dictionary takes a global tack with a focus on ideas, events, institutions, initiatives, and green movements since the 1960s. It strives to avoid a common error in many histories of environmentalism: to exaggerate the input of the wealthy countries of Europe and North America and understate the influence of Africa, Asia, South and Central America, and the Polar Regions. It aims as well for a more comprehensive analysis than most histories of the modern environmental movement, understanding environmentalism as emerging not only from grassroots and formal nongovernmental associations but also from corporate, governmental, and intergovernmental organizations and initiatives. This assumes the ideas and energy infusing environmentalism with political purpose arise from hundreds of thousands of sources, from corporate boardrooms to bureaucratic policies to international negotiations to activists. Thus environmentalists are not only indigenous people blocking a logging road, Greenpeace activists protesting a seal hunt, or green candidates contesting an election; an equal or larger number of environmentalists are working within the Japanese bureaucracy to implement environmental policies, within the World Bank to assess the environmental impacts of loans, within Wal-Mart to green its purchasing practices, or within intergovernmental forums to negotiate international environmental agreements. This second edition of *Historical Dictionary of Environmentalism* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on important events, issues, organizations, ideas, and people shaping the direction of environmentalism worldwide. This book is an excellent access point for students, researchers, and anyone wanting to know more about environmentalism.

## **Mixing Pop and Politics**

Catherine Hoad, Geoff Stahl, Oli Wilson, 2022-03-28 The political has always been part of popular music, but how does that play out in today's musical and political landscape? *Mixing Pop and Politics: Political Dimensions of Popular Music in the 21st*

Century provides an innovative exploration of the complex politics of popular music in its contemporary formations Amid the shifting paradigms of power in the 2020s the chapters in this book go beyond the idea of popular music as protest to explore how resistance subversion containment and reconciliation all interact in the popular music realm Covering a wide range of international artists and genres from South African hip hop to Polish punk and addressing topics such as climate change and environmentalism feminism diasporic identity political parties music making as labour the far right conservatism and nostalgia and civic engagement the contributors expand our understanding of how popular music is political For students and scholars of music popular culture and politics the volume offers a broad exciting snapshot of the latest scholarship on contemporary popular music and politics

Trade winds Christiaan De Beukelaer,2023-01-24 In 2020 Christiaan De Beukelaer spent 150 days covering 14 000 nautical miles aboard the schooner Avontuur a hundred year old sailing vessel that transports cargo across the Atlantic Ocean Embarking in Santa Cruz de Tenerife he wanted to understand the realities of a little known alternative to the shipping industry on which our global economy relies and which contributes more carbon emissions than aviation What started as a three week stint of fieldwork aboard the ship turned into a five month journey as the COVID 19 pandemic forced all borders shut while crossing the ocean preventing the crew from stepping ashore for months on end Trade winds engagingly recounts De Beukelaer s life changing personal odyssey and the complex journey the shipping industry is on to cut its carbon emissions The Avontuur s mission remains crucial as ever the shipping industry urgently needs to stop using fossil fuels starting today If we can t swiftly decarbonise shipping we can t solve the climate crisis

**Research Handbook on Art and Law** Jani McCutcheon,Fiona McGaughey,2020-01-31 Featuring international contributions from leading and emerging scholars this innovative Research Handbook presents a panoramic view of how law sees visual art and how visual art sees law It resists the conventional approach to art and law as inherently dissonant one a discipline preoccupied with rationality certainty and objectivity the other a creative enterprise ensconced in the imaginary and inviting multiple unique and subjective interpretations Blending these two distinct disciplines this unique Research Handbook bridges the gap between art and law
